ACTION: Notice of Resource Advisory Committee field trips and meetings.

SUMMARY: The Medford District BLM will be hosting a series of field trips and meetings for the Medford Resource Advisory Committee. L. 106-393). The committee will also be reviewing the progress of projects funded in previous years.

locations will be within the Medford BLM District.

The primary office meeting of the Resource Advisory Committee will be held on August 11, 2003 at the BLM office at 3040 Biddle Road, Medford, Oregon beginning at 10 a.m. The objective of this meeting is to review proposals for projects to be funded in Fiscal Year 2004. FOR FURTHER INFORMATION AND

ADDRESSES: Comments and questions should be sent to Roger Schnoes, Bureau of Land Management, 3040 Biddle Road, Medford, Oregon, 97504, (541) 618-2417, or fax to (541) 618-2400, or e-mail to 110mb@or.blm.gov.

SUPPLEMENTARY INFORMATION: The Secure Rural Schools and Community Self-Determination Act of 2000 (Pub. L. 106-393) established the Resource Advisory Committees associated with the BLM Districts and National Forests in western Oregon to assist the BLM and Forest Service fund projects to restore stability and predictability to the annual payments to the States and counties and to benefit public schools, roads and other purposes. The Medford BLM Resource Advisory Committee has met in 2001 and 2002 and made recommendations for funding projects. Projects for Fiscal Year 2004 have been submitted by BLM staff and by the public and these have been made available to the Resource Advisory Committee. They will also be published on the BLM Web site at <http://www.or.blm.gov/Medford>. The Resource Advisory Committee will have two opportunities to visit project sites during the field trips in July which are the subject of this notice. The field trips will include some of the projects being proposed for Fiscal Year 2004 as well as some of the projects already approved and funded in Fiscal Years 2002 and 2003.

At the formal meeting, the Resource Advisory Committee will discuss the projects which were submitted for funding in Fiscal Year 2004. The public will be able to comment on those projects at that time. The Resource Advisory Committee will make recommendations on project funding to the Designated Federal Official, who is the Medford BLM District Manager. The Designated Federal Official will then make a final determination on which projects will be funded in Fiscal Year 2004.

The purposes of the field trips and the meetings are to allow the Resource Advisory Committee to discuss and fully understand the projects. They will have the opportunity to ask questions of BLM managers and staff as well as the public parties who made the submissions. Considering the proposals in a meeting format will allow the Committee to exchange information and alternatives and reach a set of recommendations for funding.
