

only to SPA's own proposed performance ordinarily would not encourage or facilitate an agreement among its participating physicians as to the terms under which the physicians would provide medical services. Therefore, a SPA-payor negotiation of terms applicable only to SPA's own proposed performance ordinarily would not be affected by the order. SPA's conduct in such a negotiation may not, however, encourage, facilitate, or conceal an agreement by or on behalf of participating physicians as to the terms upon which they would provide medical services. Thus, for example, the order would not ordinarily preclude SPA's negotiating with third-party payors as to whether, and on what terms, SPA itself would engage in delegated credentialing of physicians on behalf of the payor, undertake specified contract administration activities, maintain specified insurance coverages, or indemnify the payor.

Similarly, the order ordinarily would not affect SPA's communicating to its participating physicians accurate, factual, and objective analyses of proposed third-party payor contract terms, so long as such communication does not encourage, facilitate or conceal a prohibited agreement. SPA may not, however, do so in a manner that directly or by implication suggests that physicians should or should not accept the contract offers or particular terms thereof upon which they would provide medical services. Further, the order ordinarily would not preclude SPA's sharing with a third-party payor SPA's objective analysis of the proposed contract terms prior to communicating that analysis to its participating physicians, provided that SPA informs the payor that SPA will promptly messenger the contract proposal to its participating physicians upon the payor's request, that SPA promptly complies with each such request, and that any such communications by SPA to the payor do not directly or by implication encourage, facilitate, or conceal a prohibited agreement.

Paragraphs III.A and III.B require SPA to distribute the complaint and order to its members, payors with which it previously contracted, and specified others. Paragraph III.C requires SPA to terminate, without penalty, payor contracts that it had entered into during the collusive period, at any such payor's request. This provision is intended to eliminate the effects of Respondent's joint price setting. Paragraph III.C also contains a proviso to preserve payor contract provisions defining post-termination obligations relating to

continuity of care during a previously begun course of treatment.

The remaining provisions of the proposed order impose complaint and order distribution, reporting, and other compliance-related provisions. For example, Paragraph III.D requires SPA to distribute copies of the complaint and order to incoming SPA physicians, payors that contract with SPA for the provision of physician services, and incoming SPA officers, directors, and employees. Further, Paragraph III.F requires SPA to file periodic reports with the Commission detailing how SPA has complied with the order. Paragraph V. authorizes Commission staff to obtain access to Respondent's records and officers, directors, and employees for the purpose of determining or securing compliance with the order. The proposed order will expire in 20 years.

By direction of the Commission.

Donald S. Clark,

Secretary.
