

impose any new burdens on small entities. This notice, therefore, does not require a regulatory flexibility analysis.

C. Unfunded Mandates Act

Under Section 202 of the Unfunded Mandates and Reform Act of 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a federal mandate that may result in estimated costs to state or local governments in the aggregate, or to the private sector, of \$100 million or more. The EPA has determined that the approval action being promulgated does not include a federal mandate that may result in costs of \$100 million or more to either state or local governments in the aggregate, or to the private sector. This federal action approves preexisting requirements under state law, and imposes no new requirements. Accordingly, no additional costs to state or local governments, or to the private sector, result from this action.

D. Executive Order 12875

Executive Order 12875 is intended to develop an effective process to permit elected officials and other representatives of state or local governments to provide meaningful input in the development of regulatory proposals containing significant unfunded mandates. Since this final federal action approves preexisting requirements of state law, no new unfunded mandates result from this action. See also the discussion under C, above, Unfunded Mandates Act.

E. Executive Order 13045

Executive Order 13045, effective April 21, 1997, concerns protection of children from environmental health and safety risks, and applies to regulatory action that is "economically significant" in that such action may result in an annual effect on the economy of \$100 million or more. The EPA has determined that the approval action being promulgated will not have a significant effect on the economy. This federal action approves preexisting requirements under state law, and imposes no new requirements. Accordingly, Executive Order 13045 does not apply to this action.

G. Executive Order 12898

Executive Order 12898 requires agencies to consider impacts on the health and environmental conditions in minority and low-income communities with the goal of achieving environmental justice. This tentative determination is consistent with Executive Order 12898.

Authority: This notice is issued under the authority of section 4005 of the Solid Waste Disposal Act, as amended, 42 U.S.C. 6946.
