

b. Documented access to or the ability to gain access to information regarding healthcare services in the Anniston area. Special emphasis should be placed on information regarding occupational and environmental medicine services in the area.

c. Clearly stated understanding of the environmental public health problems to be addressed, including any special issues or concerns related to healthcare delivery in the Anniston community.

d. Clear and reasonable program goals and clearly stated project objectives which are realistic, measurable, and related to the program requirements.

e. Specificity and feasibility of proposed time line for implementing project activities.

## 2. Program Personnel (20 percent)

a. Applicant's experience and understanding (e.g. in the areas of local healthcare delivery systems, healthcare systems and services throughout the United States, environmental and occupational medicine services, community networking, etc.).

b. Qualifications and time allocation of the professional staff to be assigned to this project.

c. Extent to which the management staff and their working partners are clearly described.

## 3. Community Involvement and Dissemination of Results (20 percent)

a. Adequacy of plan establishing partnerships to address community concerns, educate residents, and create lines of communication with key community representatives.

b. Adequacy of methods to disseminate the study results to state and local public health officials, community residents, and to other concerned individuals and organizations.

## 4. Facilities and Resources (10 percent)

The adequacy of the applicant's facilities, equipment, and other resources available for performance of this project.

## 5. Budget Justification (Reviewed, Not Scored)

The budget will be evaluated to the extent that it is reasonable, clearly justified, and consistent with the intended use of funds.

## I. Other Requirements

### Technical Reporting Requirements

Provide CDC/ATSDR with original plus two copies of:

1. Interim progress report, no less than 90 days before the end of the budget period. The progress report will

serve as your non-competing continuation application, and must contain the following elements:

a. Current Budget Period Activities Objectives.

b. Current Budget Period Financial Progress.

c. New Budget Period Program Proposed Activity Objectives.

d. Detailed Line-Item Budget and Justification.

e. Additional Requested Information.

2. Financial status report, no more than 90 days after the end of the budget period.

3. Final financial and performance reports, no more than 90 days after the end of the project period.

Send all reports to the Grants Management Specialist identified in the "Where to Obtain Additional Information" section of this announcement.

### Additional Requirements

The following additional requirements are applicable to this program. For a complete description of each, see Attachment I of the program announcement, as posted on the CDC/ATSDR Web site.

AR-7 Executive Order 12372 Review

AR-9 Paperwork Reduction Act Requirements

AR-10 Smoke-Free Workplace Requirements

AR-11 Healthy People 2010

AR-12 Lobbying Restrictions

AR-18 Cost Recovery—ATSDR

AR-19 Third Party Agreements—ATSDR

AR-22 Research Integrity

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

[Program Announcement 03122]

### Cancer Prevention and Control Activities; Notice of Availability of Funds

Application Deadline: July 21, 2003.

#### A. Authority and Catalog of Federal Domestic Assistance Number

This program is authorized under sections 301(a), 317(k)(2) of the Public Health Service Act, (42 U.S.C. 241(a) and 247b(k)(2)), as amended. The Catalog of Federal Domestic Assistance number is 93.283.

#### B. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2003 funds for a cooperative agreement program for Cancer Prevention and Control Activities. This program addresses the "Healthy People 2010" focus area(s) related to Cancer, Tobacco Use, Physical Activity, and Nutrition.

The purpose of the program is to assist with the following: Developing and disseminating current national, state, and community-based comprehensive information on cancer prevention (including addressing risk factors such as tobacco use, poor nutrition and lack of physical activity), early detection, diagnosis, treatment, and survivorship; developing and disseminating professional education programs; promoting the analysis and development of surveillance and research data, and its translation into public health messages, practice and programs; and, facilitating the exchange of expertise and coordination of programmatic efforts related to cancer prevention and control among a variety of public, private, and not-for-profit agencies at the national, state, tribal, territory and community level.
