SUPPLEMENTARY INFORMATION:

This **Federal Register** document seeks public comment on a policy directive that requires Federal agencies to use the Grants.gov FIND module to electronically post synopses of funding opportunities under Federal financial assistance programs that award discretionary grants and cooperative agreements. The policy directive includes an attachment which contains the government-wide standard set of data elements to be used by Federal agencies in posting synopses at www.FedGrants.gov. These data elements were first proposed for public comment in a **Federal Register** notice on August 12, 2002, [67 FR 52555]. The consideration of comments OMB received in response to the **Federal Register** notice, and the final set of data elements is published as another notice in this section of today's **Federal Register**.

We welcome your input on any aspect of the proposal contained in this notice. Questions that you may wish to address include:

- Do you feel this policy is sufficient for getting agencies to post synopses of funding opportunities?
- Are there any shortcomings in either the posting or retrieving of synopses from the Grants.gov Web site?
- Is there additional instruction that should appear in the policy directive?

Dated: June 17, 2003.

Linda M. Springer,
Controller.

To the Heads of Executive Departments and Agencies

Subject: Requirement and Format for Federal Agencies to Post Synopses at FedGrants.gov.

1. *Purpose.* This policy directive establishes a government-wide requirement for Federal agencies to electronically post synopses of announcements of funding opportunities under financial assistance programs that award discretionary grants and cooperative agreements, using a standard set of data elements. The purpose of the data elements is to give potential applicants (1) enough information about the funding opportunity to decide whether they are interested enough to look at the full announcement; and (2) provide one or more ways (e.g., an Internet site, e-mail address or telephone number) to get the full announcement with the detailed information. The data elements are the government-wide standard developed for the hundreds of Federal programs that award discretionary grants and cooperative agreements.

2. *Authority.* The policy directive is part of the implementation of the Federal Financial Assistance Management Improvement Act of 1999 (Public Law 106-107). This policy is also designed to further implement the Grants.gov initiative, one of the twenty-four electronic government (E-Gov) initiatives under the President's Management Agenda.

3. *Background.* Public Law 106-107 requires the Office of Management and Budget (OMB) to direct, coordinate, and assist Executive Branch departments and agencies in establishing an interagency process to streamline and simplify Federal
