

include the total time necessary to provide the requested information. In your opinion, how accurate are these estimates?

E. The agency's estimate in the above paragraph is only the cost to a respondent for the time it will take to complete each form. Due to the proposed changes, will a respondent incur any start-up costs for reporting, or any recurring annual costs for operation, maintenance, and purchase of services associated with these forms?

F. What additional actions could be taken to minimize the burden of these forms? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other types of information technology.

G. To your knowledge, does any other Federal, State, or local agency collect similar information? If so, specify the agency, the data element(s), and the methods of collection.

#### *As a Potential User of the Information To Be Collected*

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information disseminated?

B. Is the information useful at the levels of detail to be collected?

C. For what purpose(s) would the information be used? Be specific.

D. Are there alternate sources for the information and are they useful? If so, what are their weaknesses and/or strengths?

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the form. They also will become a matter of public record.
