AGENCY: Southwestern Power
Administration, DOE.

ACTION: Notice of public review and
comment.

SUMMARY: The Administrator,
Southwestern Power Administration
(Southwestern), has prepared Current
and Revised 2003 Power Repayment
Studies that show the need for an

revenues are required primarily due to
increased operations and maintenance
expenses at the project. The
Administrator has developed a
proposed Robert D. Willis rate schedule,
which is supported by a power
repayment study, to recover the
required revenues. Beginning October 1,
2003, the proposed rates would increase
annual revenues approximately 35.0
percent from \$353,700 to \$477,612.

DATES: The consultation and comment
period will begin on the date of
publication of this **Federal Register**
notice and will end August 25, 2003.
