The Social Security Administration (SSA) publishes a list of information collection packages that will require clearance by the Office of Management and Budget (OMB) in compliance with Pub. Written comments and recommendations regarding the information collection(s) should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer. **1. Social Security Disability Report—20 CFR 404.1512 & 416.912—0960-0579**

The Social Security Act requires applicants to furnish medical, work history and other evidence or information to prove they are disabled. The information on the Adult Disability Report, together with other evidence and information, will be used by State Disability Determination Services (DDS) to develop medical evidence, assess the alleged disability, and make a determination on whether or not the applicant is disabled under the Act. DDSs are State agencies that make disability determinations on behalf of SSA.

In addition to the traditional paper application, claimants for disability benefits will have the option to complete the Disability Report through the Internet (i3368) or in an interview format with an SSA representative at an SSA field office using the Electronic Disability Collection System (EDCS). Both the i3368 and EDCS formats collect the same information as that contained on the paper SSA-3368, but include enhancements to guide the claimant or interviewer through the application process. For example, the i3368 provides applicants with self-help screens and propagates certain information. Both the i3368 and EDCS applications will, when needed, collect additional information on a claimant's work history. In the paper-based process, however, additional work history information is collected through another form, the SSA-3369, OMB control number 0960-0578. The respondents are applicants for title II and title XVI disability benefits.

*Type of Request:* Revision of an OMB-approved information collection.
