

7. Application for Search of Census Records for Proof of Age—20 CFR 404.716–0960–0097

The information collected on Form SSA–1535–U3 is required to provide the Census Bureau with sufficient identification information, which will allow an accurate search of census records to establish proof of age for an individual applying for Social Security Benefits. It is used for individuals who must establish age as a factor for entitlement. The respondents are individuals applying for Social Security benefits who need to document their date of birth.

Type of Request: Revision of an OMB-approved information collection.

Number of Respondents: 18,000.

Number of Response: 1.

Average Burden per Response: 12 minutes.

Estimated Average Burden: 3,600.

8. Function Report—Adult—20 CFR 404.1512 and 416.912—0960–NEW

Form SSA–3373 records information about the disability applicant's impairment-related limitations and ability to function. It documents the types of information specified in SSA regulations and provides disability interviewers with a convenient means to record information about how the claimant's condition affects his or her ability to function. This information, together with medical evidence, forms the evidentiary basis upon which the initial disability process is founded. The respondents are title II and XVI benefits applicants.

Type of Request: New information collection.

Number of Respondents: 4,005,367.

Average Burden Per Response: 30 minutes.

Estimated Annual Burden: 2,002,684.

II. The information collections listed below have been submitted to OMB for clearance.

Your comments on the information collections would be most useful if received by OMB and SSA within 30 days from the date of this publication. You can obtain a copy of the OMB clearance package by calling the SSA Reports Clearance Officer at 410–965–0454, or by writing to the address listed above.

1. Request for Internet Services Representative Payee Report—20 CFR 401.45—0960–0668

Background

SSA is testing the Internet Representative Payee Report form (I623) that electronically reports on the use of benefit payments made on behalf of

Social Security beneficiaries and SSI recipients. In support of this process, a proof of concept (POC) test limited to 40 organizational representative payees use the I623 to complete and file the representative payee report instead of using the paper SSA–623. Initially SSA projected a 6-month POC test, but is planning to expand the POC to a full operational year.

The Collection

Organizations participating in the POC will designate up to three employees that will be authenticated using SSA's existing Integrated Registration for Employers and Submitters (IRES) OMB control number 0960–0626. Once authenticated, the employee will be required to enter a Personal Identification Number (PIN) and Password to gain access to the online I623 application. The PIN and Password will serve as the electronic signature. SSA will use the information collected through the I623 to determine whether the payments provided to the representative payee have been used for the beneficiary's current maintenance and personal needs and whether the representative payee continues to be concerned with the beneficiary's welfare. The respondents are organizational representative payees designated to receive funds on behalf of Social Security beneficiaries and/or SSI recipients.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 40 organizations.

Frequency of Response: 117.5 per respondent.

Average Burden Per Response: 15 minutes.

Estimated Annual Burden: 1,175 hours.

2. Employee Work Activity Questionnaire—20 CFR, Subpart P, 404.1574 and 404.1592—0960–0483

Form SSA–3033 is used to determine if the claimant meets the disability requirements of the law, when the claimant returns to work after the alleged or established onset date of disability. When a possible unsuccessful work attempt or nonspecific subsidy is involved, Form SSA–3033 will be used to request a description of the employee's work effort. The respondents are employers of Old-Age and Survivors Disability Insurance (OASDI) and SSI disability applicants and beneficiaries.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 15,000.

Frequency of Response: 1.

Average Burden Per Response: 15 minutes.

Estimated Annual Burden: 3,750 hours.

3. Disability Hearing Officer's Decision Title XVI Disabled Child Continuing Disability Review—20 CFR 404 Subpart J and 20 CFR 416 Subpart I&N—OMB No. 0960–0657

Both federal and state disability hearing officers (DHOs) use the SSA–1209 in preparing the disability determination. The form provides the framework for addressing the crucial elements of the case in a sequential and logical fashion. The completed form will be the official document of the decision. A copy becomes the personalized portion of the notice to the claimant/representative. The respondents are both federal and state disability hearing officers.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 35,000.

Frequency of Response: 1.

Average Burden Per Response: 1 hour 25 minutes.

Estimated Annual Burden: 49,583 hours.

4. Claimant's Statement About Loan of Food and Shelter (SSA–5062), and Statement About Food or Shelter Provided to Another (SSA–L5063)—20 CFR 416.1130 through 416.1148—0950–0529

Forms SSA–5062 and SSA–L5063 are used to obtain statements about food and/or shelter provided to an SSI claimant. SSA uses the information to determine whether food and/or shelter are a bona fide loan or should be counted as income. This determination can affect eligibility for SSI and the amount of SSI that is payable. The respondents are claimants for SSI benefits and individuals, who provide (loan) food or shelter to SSI claimants.

Type of Request: Extension of an OMB-approved information collection

	SSA 5062	SSA L5063
Number of respondents	65,540	65,540
Frequency of Response	1	1
Average Burden of Response	10	10
Estimated Annual Burden	10,923	10,923

Dated: June 8, 2003.
