SUPPLEMENTARY INFORMATION: The Water Resources Development Act of 1986, Public Law 99-662, 100 Stat. 4082-4273, as amended, provides for the automatic deauthorization of water

resource projects and separable elements of projects.

Section 1001(b)(2), 33 U.S.C. 579a(b)(2), requires the Secretary of the Army to submit to the Congress a biennial list of unconstructed water resources projects and separable elements of projects for which no obligations of funds have been incurred for planning, design or construction during the prior seven full fiscal years. If funds are not obligated within thirty months from the date the list was submitted, the project/separable element is deauthorized.

Notwithstanding these provisions, projects may be specifically deauthorized or reauthorized by law.

For purposes of the Water Resources Development Act of 1986, "separable element" is defined in section 103(f), Public Law 99-662, 33 U.S.C. 2213(f).

In accordance with section 1001(b)(2), the Assistant Secretary of the Army (Civil Works) submitted a list of 145 projects and separable elements to Congress on October 15, 1999 (1999 List). From this list, 127 projects/separable elements were deauthorized on April 16, 2002, 16 were removed due to obligations of funds, and the authorization of 2 were continued by section 350 of the Water Resources Development Act of 2000 (11 Dec 2000), Public Law 106-541, 114 Stat. 2632 and 2633.

Additionally, two projects were reauthorized by section 349 of the Water Resources Development Act of 2000, Public Law 106-541, 114 Stat. 2631 and 2632, subject to a Secretarial determination that no construction on any such project may be initiated until each project is technically sound, environmentally acceptable, and economically justified.
