

*Ungulate* means any species of hoofed mammal, including deer, caribou, elk, moose, mountain goat, Dall sheep, and musk oxen.

*Unit* means one of the 26 geographical areas in the State of Alaska known as Game Management Units, or GMU, and collectively listed in this section as Units.

*Wildlife* means any hare (rabbit), ptarmigan, grouse, ungulate, bear, furbearer, or unclassified species and includes any part, product, egg, or offspring thereof, or carcass or part thereof.

(b) Taking fish, wildlife, or shellfish for subsistence uses by a prohibited method is a violation of this part. Seasons are closed unless opened by Federal regulation. Hunting, trapping, or fishing during a closed season or in an area closed by this part is prohibited. You may not take for subsistence fish, wildlife, or shellfish outside established Unit or Area seasons, or in excess of the established Unit or Area harvest limits, unless otherwise provided for by the Board. You may take fish, wildlife, or shellfish under State regulations on public lands, except as otherwise restricted at §§ .26 through .28. Unit/Area-specific restrictions or allowances for subsistence taking of fish, wildlife, or shellfish are identified at §§ .26 through .28.

(c) *Harvest limits.* (1) Harvest limits authorized by this section and harvest limits established in State regulations may not be accumulated.

(2) Fish, wildlife, or shellfish taken by a designated individual for another person pursuant to § .10(d)(5)(ii), counts toward the individual harvest limit of the person for whom the fish, wildlife, or shellfish is taken.

(3) A harvest limit applies to the number of fish, wildlife, or shellfish that can be taken during a regulatory year; however, harvest limits for grouse, ptarmigan, and caribou (in some Units) are regulated by the number that may be taken per day. Harvest limits of grouse and ptarmigan are also regulated by the number that can be held in possession.

(4) Unless otherwise provided, any person who gives or receives fish, wildlife, or shellfish shall furnish, upon a request made by a Federal or State agent, a signed statement describing the following: Names and addresses of persons who gave and received fish, wildlife, or shellfish, the time and place that the fish, wildlife, or shellfish was taken, and identification of species transferred. Where a qualified subsistence user has designated another qualified subsistence user to take fish, wildlife, or shellfish on his or her behalf in accordance with § .10(d)(5)(ii), the

permit shall be furnished in place of a signed statement.

(d) *Fishing by designated harvest permit.* (1) Any species of fish that may be taken by subsistence fishing under this part may be taken under a designated harvest permit.

(2) If you are a Federally-qualified subsistence user, you (beneficiary) may designate another Federally-qualified subsistence user to take fish on your behalf. The designated fisherman must obtain a designated harvest permit prior to attempting to harvest fish and must return a completed harvest report. The designated fisherman may fish for any number of beneficiaries but may have no more than two harvest limits in his/her possession at any one time.

(3) The designated fisherman must have in possession a valid designated fishing permit when taking, attempting to take, or transporting fish taken under this section, on behalf of a beneficiary.

(4) The designated fisherman may not fish with more than one legal limit of gear.

(5) You may not designate more than one person to take or attempt to take fish on your behalf at one time. You may not personally take or attempt to take fish at the same time that a designated fisherman is taking or attempting to take fish on your behalf.

(e) *Hunting by designated harvest permit.* In Units 1–8, 9(D), 10–16, 18–26, if you are a Federally qualified subsistence user (recipient), you may designate another Federally qualified subsistence user to take deer, moose and caribou on your behalf unless you are a member of a community operating under a community harvest system or unless Unit specific regulations in section .26 preclude or modify the use of the designated hunter system or allow the harvest of additional species by a designated hunter. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time, unless otherwise specified in Unit-Specific regulations in Section .26.

(f) A rural Alaska resident who has been designated to take fish, wildlife, or shellfish on behalf of another rural Alaska resident in accordance with § .10(d)(5)(ii), shall promptly deliver the fish, wildlife, or shellfish to that rural Alaska resident and may not charge the recipient for his/her services in taking the fish, wildlife, or shellfish or claim for themselves the meat or any part of the harvested fish, wildlife, or shellfish.

(g) The U.S. Fish and Wildlife Service, Office of Subsistence Management may issue a permit to harvest fish, wildlife, or shellfish for a qualifying cultural/educational program to an organization that has been granted a Federal subsistence permit for a similar event within the previous five years. A qualifying program must have instructors, enrolled students, minimum attendance requirements, and standards for successful completion of the course. Applications must be submitted to the Office of Subsistence Management 60 days prior to the earliest desired date of harvest. Permits will be issued for no more than one large mammal per culture/education camp. Large mammal species allowed to be harvested are limited to deer, moose, caribou, black bear, and mountain goat. Permits will be issued for no more than 25 fish per culture/education camp. Any animals harvested will count against any established Federal harvest quota for the area in which harvested. Appeal of a rejected request can be made to the Federal Subsistence Board. Application for an initial permit for a qualifying cultural/educational program, for a permit when the circumstances have changed significantly, when no permit has been issued within the previous five years, or when there is a request for harvest in excess of that provided in this paragraph (g), will be considered by the Federal Subsistence Board.

(h) If a subsistence fishing or hunting permit is required by this part, the following permit conditions apply unless otherwise specified in this section:

(1) You may not take more fish, wildlife, or shellfish for subsistence use than the limits set out in the permit;

(2) You must obtain the permit prior to fishing or hunting;

(3) You must have the permit in your possession and readily available for inspection while fishing, hunting, or transporting subsistence-taken fish, wildlife, or shellfish;

(4) If specified on the permit, you shall keep accurate daily records of the harvest, showing the number of fish, wildlife, or shellfish taken by species, location and date of harvest, and other such information as may be required for management or conservation purposes; and

(5) If the return of harvest information necessary for management and conservation purposes is required by a permit and you fail to comply with such reporting requirements, you are ineligible to receive a subsistence permit for that activity during the following calendar year, unless you demonstrate that failure to report was
