

**SUMMARY:** EPA is proposing to take direct final action approving a State Implementation Plan (SIP) revision submitted by the Governor of Colorado on July 31, 2002. The July 31, 2002 submittal revises Colorado Air Quality Control Commission (AQCC) Common Provisions Regulation by adding a credible evidence rule. The intended effect of this action is to make the credible evidence rule Federally enforceable. Also, the Governor's July 31, 2002 submittal contains other SIP revisions which will be addressed separately.

In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the preamble to the direct final rule. If EPA receives no adverse comments, EPA will not take further action on this proposed rule. If EPA receives adverse comments, EPA will withdraw the direct final rule and it will not take effect. EPA will address all public comments in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

**DATES:** Comments must be received in writing on or before July 30, 2003.

**ADDRESSES:** Written comments may be mailed to Richard R. Long, Director, Air and Radiation Program, Mailcode 8P-AR, Environmental Protection Agency (EPA), Region 8, 999 18th Street, Suite 300, Denver, Colorado, 80202. Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air and Radiation Program, Environmental Protection Agency, Region 8, 999 18th Street, Suite 300, Denver, Colorado, 80202. Copies of the State documents relevant to this action are available for public inspection at the Colorado Department of Public Health and Environment, Air Pollution Control Division, 4300 Cherry Creek Drive South, Denver, Colorado 80224-1530.

**FOR FURTHER INFORMATION CONTACT:** Laurel Dygowski, EPA, Region 8, (303) 312-6144.

**SUPPLEMENTARY INFORMATION:** See the information provided in the Direct Final

action of the same title which is located in the Rules and Regulations Section of this **Federal Register**.

**Authority:** 42 U.S.C. 7401 *et seq.*

Dated: June 2, 2003.

### Federal Travel Regulation; eTravel Service (eTS)

**AGENCY:** Office of Governmentwide Policy, General Services Administration (GSA).

**ACTION:** Proposed rule.

**SUMMARY:** The General Services Administration (GSA) is proposing to amend the Federal Travel Regulation (FTR) by revising the term Travel Management System (TMS) to Travel Management Service and by revising its definition. New terms and definitions for the eTravel Program Management Office (PMO) will also be added. This proposed rule will also amend the FTR requirements dealing with employees' use of their agencies' Travel Management Service (TMS) and the eTravel Service (eTS). The eTravel PMO will provide migration planning tools, coordinate migration planning meetings, and provide migration planning support beginning July 2003. This proposed rule requires agencies to begin implementing the eTS no later than December 31, 2004, and to complete migration to eTS for full agency-wide use by September 30, 2006. This proposed rule will also require agencies to submit migration plans and schedules to the eTravel PMO no later than March 31, 2004. This proposed rule specifies that award of a task order to a vendor under the impending eTS Master Contract for implementation services, authorization and travel claim services, and (if applicable) reservation and fulfillment services will constitute the beginning of eTS implementation for an agency. Agency-wide use of the eTS (accommodating FedTrip through September 30, 2004, and agency-contracted Travel Management Center support, if applicable) for all travel management processes and travel claim submissions will constitute complete

migration. Under this proposed rule, agencies will be required to allocate the budget and personnel resources necessary to support eTS implementation, training, and use data exchange. This will include programming agency funds to establish interfaces between the eTS standard data output and their applicable business systems. This proposed regulation is in accordance with the President's Management Agenda for fiscal year 2002.

**DATES:** Comments must be received on or before July 30, 2003.

**ADDRESSES:** Submit written comments to—General Services Administration, Regulatory Secretariat (MVA), 1800 F Street, NW., Room 4035, ATTN: Laurie Duarte, Washington, DC 20405.

Submit electronic comments via the Internet to [FTRCase.2003-303@gsa.gov](mailto:FTRCase.2003-303@gsa.gov).

Please submit comments only and cite FTR Case 2003-303 in all correspondence related to this proposed rule.

**FOR FURTHER INFORMATION CONTACT:** The Regulatory Secretariat, Room 4035, GS Building, Washington, DC, 20405, (202) 208-7312, for information pertaining to status or publication schedules. For clarification of content, contact Umeki Thorne, Program Analyst, Office of Governmentwide Policy, Travel Management Policy, at (202) 208-7636. Please cite FTR case 2003-303.

## SUPPLEMENTARY INFORMATION:

### A. Background

The President's Management Agenda (PMA) for fiscal year 2002 identified five Governmentwide goals to improve Federal management and deliver results. As a result of the PMA, a governmentwide task force known as QuickSilver was established to address performance gaps in existing Government systems as they relate to E-Government, and to improve internal efficiency and effectiveness throughout the Federal Government. Accordingly, in support of the PMA, the Government is procuring the eTravel Service (eTS). The eTS will automate and consolidate the Federal Government's travel process in a web-centric environment, covering all aspects of travel from authorizations and reservations to travel claims and voucher reconciliation. It will eliminate the paper process still in place in many agencies, while leveraging administrative, financial and information technology best practices. The eTS will support reengineering of the entire travel process to realize significant cost savings and improved
