

Moreover, the Commission finds the proposal consistent with the provisions of 15A(b)(5) of the Act,¹¹ which requires that the rules of the NASD provide for equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. The Commission believes that the proposed fees for Primex access over the Internet, which the Nasdaq represents are lower than the current fees for accessing Primex using existing technology, are reasonable and equitable.

Furthermore, the Commission finds good cause for approving the proposed rule change and Amendment No. 1 thereto prior to the thirtieth day after the date of publication of the notice of filing thereof in the **Federal Register**.¹² The proposed rule change, as amended by Amendment No. 1 has been published for public comment in the **Federal Register** as of May 29, 2003. The Commission has not received any comments on the proposal. The Commission is accelerating approval of the proposed rule change and Amendment No. 1 prior to the thirtieth day after the date of publication in the **Federal Register** because the Commission believes that adding the Internet access option will not alter the existing methods of accessing Primex, and that accelerated approval should impart immediate benefits to those participants that choose to access Primex over the Internet. Accordingly, the Commission believes that it is consistent with sections 15A(b)(6),¹³ 15A(b)(5)¹⁴ and 19(b)(2)¹⁵ of the Act, to approve the proposed rule change and Amendment No. 1 thereto on an accelerated basis.

IV. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁶ that the proposed rule change (SR-NASD-2003-62), as amended, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁷

Margaret H. McFarland,

Deputy Secretary.
