

will select cases to be included in this test of the single decisionmaker feature.

Extension of Testing of Some Disability Redesign Features

On August 30, 1999, we published in the **Federal Register** a notice announcing a prototype that would test a new disability claims process in 10 States, also called the prototype process (64 FR 47218). On December 23, 1999, we published a notice in the **Federal Register** (65 FR 72134) extending the period during which we would select cases to be included in a separate test of the single decisionmaker feature. In these notices, we stated that selection of cases was expected to be concluded on or about December 31, 2001. We also stated that, if we decided to continue the tests beyond that date, we would publish another notice in the **Federal Register**. We subsequently published notices in the **Federal Register** extending selection of cases for these tests. Most recently, on December 10, 2002, we published a notice extending selection of cases for the tests until no later than June 30, 2003 (67 FR 75895). We also stated that, if we decided to continue selection of cases for these tests beyond that date, we would publish another notice in the **Federal Register**. We have decided to extend selection of cases for two features of the prototype process (single decisionmaker and elimination of the reconsideration step), and the separate test of single decisionmaker beyond June 30, 2003. We expect that our selection of cases for these tests will end on or before December 31, 2003.

This extension also applies to the locations in the State of New York that we added to the prototype test in a notice published in the **Federal Register** on December 26, 2000 (65 FR 81553).

Dated: June 24, 2003.

Martin H. Gerry,

Deputy Commissioner for Disability and Income Security Programs.
