The forms are for use by the Commission in connection with the ITC DataWeb. The interagency International Trade Data System (ITDS) board chairman has requested that the ITC DataWeb be made formally available to the public. The user registration forms are required to accurately track usage, data reports generated, and costs by user sectors and to save user product and country lists for user reference during future logins. The forms would appear on the ITC DataWeb internet site (<http://dataweb.usitc.gov>) and would need to be filled out only once.
