

ACTION: Temporary interim rule with request for comments and notice of meeting.

SUMMARY: This interim rule provides security measures for certain vessels calling on U.S. ports. It requires the owners or operators of vessels to designate security officers for vessels, develop security plans based on security assessments, implement security measures specific to the vessel's operation, and comply with Maritime Security Levels. This interim rule is one of six interim rules in today's **Federal Register** that comprise a new subchapter on the requirements for maritime security mandated by the Maritime Transportation Security Act of 2002. These six interim rules implement national maritime security initiatives concerning general provisions, Area Maritime Security (ports), vessels, facilities, Outer Continental Shelf facilities, and the Automatic Identification System. Where appropriate, they align these domestic maritime security requirements with those of the International Ship and Port Facility Security Code and recent amendments to the International Convention for the Safety of Life at Sea. To best understand these interim rules, first read the interim rule titled "Implementation of National Maritime Security Initiatives" (USCG-2003-14792).

DATES: Effective date. This interim rule is effective from July 1, 2003 until November 25, 2003, with the exception of amendatory instructions 2, 5, 6, 8, 9, 10, 12, 14, 15, 16, 18, and 19 which are effective July 1, 2003. The Coast Guard intends to finalize these amendments by November 25, 2003. On July 31, 2003, the Director of the Federal Register approved the incorporation by reference of certain publications listed in this rule.
