| Quince .....         | 7 <sup>1</sup>    | Quince .....         | 1                 |                                   |                   |
| Radish, roots .....  | 7 <sup>1</sup>    | Sheep, fat .....     | 7                 |                                   |                   |
| Radish, tops .....   | 7 <sup>1</sup>    | Spinach .....        | 1                 |                                   |                   |
| Raspberry .....      | 7 <sup>1</sup>    | Squash .....         | 3                 |                                   |                   |
| Rutabaga, roots .... | 7 <sup>1</sup>    | Squash, summer ..    | 3                 |                                   |                   |
| Rutabaga, tops ....  | 7 <sup>1</sup>    | Strawberry .....     | 1                 |                                   |                   |
| Spinach .....        | 7 <sup>1</sup>    | Swiss chard .....    | 1                 |                                   |                   |
| Squash .....         | 7 <sup>1</sup>    | Tomato .....         | 3                 |                                   |                   |
| Squash, summer ..    | 7 <sup>1</sup>    |                      |                   |                                   |                   |
| Strawberry .....     | 7 <sup>1</sup>    |                      |                   |                                   |                   |
| Tomato .....         | 7 <sup>1</sup>    |                      |                   |                                   |                   |
| Turnip, greens ..... | 7 <sup>1</sup>    |                      |                   |                                   |                   |
| Turnip, roots .....  | 7 <sup>1</sup>    |                      |                   |                                   |                   |
| Youngberry .....     | 7 <sup>1</sup>    |                      |                   |                                   |                   |

<sup>1</sup>See footnote 1 to § 180.114.

(b) *Section 18 emergency exemptions.*  
[Reserved]

(c) *Tolerances with regional registrations.* [Reserved]

(d) *Indirect or inadvertent residues.*  
[Reserved]

■ 4. Section 180.133 is revised to read as follows:

**§ 180.133 Lindane; tolerances for residues.**

(a) *General.* Tolerances are established for residues of the insecticide lindane (gamma isomer of benzene hexachloride) in or on the following food commodities:

| Commodity            | Parts per million |
|----------------------|-------------------|
| Apple .....          | 1                 |
| Apricot .....        | 1                 |
| Asparagus .....      | 1                 |
| Avocado .....        | 1                 |
| Broccoli .....       | 1                 |
| Brussels sprouts ... | 1                 |
| Cabbage .....        | 1                 |
| Cattle, fat .....    | 7                 |

(b) *Section 18 emergency exemptions.*

[Reserved]

(c) *Tolerances with regional registrations.* [Reserved]

(d) *Indirect or inadvertent residues.*  
[Reserved]

■ 5. Section 180.143 is revised to read as follows:

**§ 180.143 Dipropyl isocinchomeronate; tolerances for residues.**

(a) *General.* Tolerances are established for residues of the insecticide dipropyl isocinchomeronate, resulting from dermal application, in or on the following food commodities:

| Commodity                          | Parts per million |
|------------------------------------|-------------------|
| Cattle, fat .....                  | 0.1(N)            |
| Cattle, meat .....                 | 0.1(N)            |
| Cattle, meat by-<br>products ..... | 0.1(N)            |
| Goat, fat .....                    | 0.1(N)            |
| Goat, meat .....                   | 0.1(N)            |
| Goat, meat byprod-<br>ucts .....   | 0.1(N)            |
| Hog, fat .....                     | 0.1(N)            |
| Hog, meat .....                    | 0.1(N)            |
| Hog, meat byprod-<br>ucts .....    | 0.1(N)            |
| Horse, fat .....                   | 0.1(N)            |
| Horse, meat .....                  | 0.1(N)            |
| Horse, meat by-<br>products .....  | 0.1(N)            |

(b) *Section 18 emergency exemptions.*

[Reserved]

(c) *Tolerances with regional registrations.* [Reserved]

(d) *Indirect or inadvertent residues.*  
[Reserved]

■ 6. Section 180.149 is revised to read as follows:

**§ 180.149 Mineral oil; tolerances for residues.**

(a) *General.* (1) For the purposes of this section, the insecticide mineral oil is defined as the refined petroleum fraction having the following characteristics:

- (i) Minimum flashpoint of 300 °F.
- (ii) Gravity of 27 to 34 by the American Petroleum Institute standard method.
- (iii) Pour point of 30 °F maximum.
- (iv) Color 2 maximum by standards of the American Society for Testing Materials.
- (v) Boiling point between 480 °F and 960 °F.
- (vi) Viscosity at 100 °F of 100 to 200 seconds Saybolt.

(vii) Unsulfonated residue of 90 percent minimum.

(viii) No sulfur compounds according to the United States Pharmacopeia test under Liquid Petrolatum.

(2) Tolerances for residues of mineral oil as specified in paragraph (a)(1) of this section are established in or on the following food commodities:

| Commodity                                      | Parts per million |
|--|-------------------|
| Corn, grain,<br>postharvest .....              | 200               |
| Sorghum, grain,<br>grain,<br>postharvest ..... | 200               |

(b) *Section 18 emergency exemptions.*  
[Reserved]

(c) *Tolerances with regional registrations.* [Reserved]

(d) *Indirect or inadvertent residues.*  
[Reserved]

■ 7. Section 180.179 is revised to read as follows:

**§ 180.179 Tartar emetic; tolerances for residues.**

(a) *General.* Tolerances are established for residues of the insecticide tartar emetic, calculated as combined antimony trioxide, in or on the following food commodities:
