

**Funding Opportunity Description:** The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services (CMHS) is accepting applications for fiscal year 2003 cooperative agreements to expand the National Child Traumatic Stress Initiative (NCTSI) Intervention Development and Evaluation Centers. Funds are available under Section 582 to local mental health providers for the purpose of developing knowledge of best practices and providing mental health services to children and youth suffering from post-traumatic stress as a result of having experienced or witnessed a traumatic event.

The purpose of the NCTSI is to improve treatment and services for all children and adolescents in the United States who have experienced traumatic events or witnessed such events. A network of centers, the NCTSN, has been established to promote the development and use of effective treatment and services, to develop resources on trauma for professionals, consumers, and the public, and to develop trauma-focused public education and professional training and other field development activities.

This announcement solicits for three specific types of child and adolescent traumatic stress Intervention Development and Evaluation (IDE) Centers that will facilitate the NCTSI achievement of its overall goals of improving access to and quality of services for child and adolescent traumatic stress: Rural/Tribal/Frontier Intervention Development and Evaluation Center; Service Systems Models Intervention Development and Evaluation Center; and Traumatic Stress and Substance Abuse Intervention Development and Evaluation Center.

**Eligible Applicants:** The following domestic public and private non-profit entities are eligible to apply. Community-based and faith-based organizations, out-patient clinics, public or private universities, psychiatric or general hospitals, units of State or local governments, Indian tribes and tribal organizations, partnerships of multiple clinical centers, programs and/or community service providers applying as a single center (in which case one of the participating organizations must be designated as the applicant organization).

Applicant organizations may apply for the Intervention Development and Evaluation Centers (this announcement) and/or the Community Treatment and Services Centers (RFA SM-03-012). A separate, complete application is required for each category. An

organization that is selected for funding in both programs will receive funding only for its proposed Intervention Development and Evaluation Center.

Organizations that are currently grantees of the NCTSI are not eligible to apply as the applicant organization under this announcement.

Applicant organizations must apply for one of the specific IDE centers—Rural/Tribal/Frontier; Service Systems Models; or Traumatic Stress and Substance Abuse—and address the requirements for that specific center in the application. Applicant organizations may submit separate applications for more than one of the specific IDE centers.

**Due Date for Applications:** August 7, 2003.

**Estimated Funding Available/Number of Awards:** It is expected that approximately \$1.8 million will be available to fund three new centers in the Intervention Development and Evaluation Program of the National Child Traumatic Stress Network (NCTSN). Annual awards may be up to \$600,000 in total costs (direct and indirect) for each year for up to 4 years. Actual funding levels will depend on the availability of funds. Second, third, and fourth project year funding may be supplemented by SAMHSA for activities that fall within the scope and intent of this RFA. Applications with proposed budgets that exceed \$600,000 will be returned without review.

**Is Cost Sharing Required:** No.

**Period of Support:** Applicants must request support for four years and provide a separate budget for each year. While SAMHSA's intent for this program is to fund the full four year period requested, continued funding is contingent on the availability of funds.
