

registration is required. Seating will be available to the public on a first-come, first-served basis. Individuals with disabilities wishing to attend should contact Luz Delacruz by Telephone at 202-693-2020 or by Fax at 202-693-1689 to obtain appropriate accommodations no later than Tuesday, July 22, 2003. The C-DAC meeting is expected to last two and a half days.

In addition, members of the general public may request an opportunity to make oral presentations to the Committee. The Facilitator has the authority to decide to what extent oral presentations by members of the public may be permitted at the meeting. Oral presentations will be limited to statements of fact and views, and shall not include any questioning of the committee members or other participants. Questions, answers and a less formal exchange is encouraged in the workgroup sessions.

The procedural requirements in Part 1912 of Title 29 of the Code of Federal Regulations will apply generally to C-DAC meetings. The reporting requirements of § 1912.33 have been changed pursuant to § 1912.42 to help meet the special needs of negotiated rulemaking committees. Specifically, § 1912.33 requires that verbatim transcripts be kept of all advisory committee meetings. Producing a coherent transcript requires a certain degree of formality. The Assistant Secretary therefore has determined pursuant to § 1912.42 that such formality might interfere with the free exchange of information and ideas during the negotiations, and that the OSH Act would be better served by simply requiring detailed minutes of the proceedings without a formal transcript.

Minutes of the meetings and materials prepared for the Committee will be available for public inspection at the OSHA Docket Office, N-2625, 200 Constitution Ave., NW., Washington, DC 20210; Telephone (202) 693-2350.

The Facilitator, Susan Podziba, can be reached at Susan Podziba and Associates, 21 Orchard Road, Brookline, MA 02445; Telephone (617) 738-5320, Fax (617) 738-6911.

Verification of Underground Coal Mine Operators' Dust Control Plans and Compliance Sampling for Respirable Dust

AGENCY: Mine Safety and Health Administration (MSHA), Labor.

ACTION: Proposed rule; extension of comment period.

SUMMARY: This document extends the comment period for Verification of Underground Coal Mine Operators' Dust Control Plans and Compliance Sampling for Respirable Dust (Plan Verification), published in the **Federal Register** on March 6, 2003 as a proposed rule. The comment period was scheduled to close on July 3, 2003, but will now remain open until further notice is published in the **Federal Register**.

MSHA has decided to extend the comment period in order to obtain further information on Personal Dust Monitors (PDMs), a new technology which is currently being tested by the National Institute for Occupational Safety and Health (NIOSH).

All comments received will be entered into the rulemaking.

DATES: The rulemaking record for the proposed rule published on March 6, 2003, and for which the comment period was extended on May 29, 2003, will remain open until further notice in the **Federal Register**.

ADDRESSES: You may use mail, facsimile (fax), or electronic mail to send us your comments. Clearly identify them as comments and send them (1) by mail to MSHA, Office of Standards, Regulations, and Variances, 1100 Wilson, Blvd., Room 2313, Arlington, Virginia 22209-3939; by fax to (202) 693-9441; or (3) electronic mail to: comments@msha.gov.

FOR FURTHER INFORMATION CONTACT: Marvin W. Nichols, Jr., Director, Office

of Standards, Regulations and Variances, MSHA; phone: (202) 693-9440; facsimile: (202) 693-9441; e-mail: nichols-marvin@msha.gov.

You can request a copy of this extension notice in an alternate format, such as a large print version, an electronic file or a file on a disk. This extension notice is available on MSHA's Internet site, <http://www.msha.gov>, at the "Statutory and Regulatory Information" icon.

SUPPLEMENTARY INFORMATION:

I. Rulemaking Background

On July 7, 2000, the Mine Safety and Health Administration (MSHA) published a Notice of Proposed Rulemaking (NPRM) in the **Federal Register**, Verification of Underground Coal Mine Operators' Dust Control Plans and Compliance Sampling for Respirable Dust (Plan Verification) (65 FR 42122). A notice of public hearing and close of record was also published in the **Federal Register** (65 FR 41286) on July 7, 2000. During August 2000, three public hearings were conducted in Morgantown, West Virginia; Prestonsburg, Kentucky; and Salt Lake City, Utah. Transcripts of those proceedings were made available to the public. In response to requests from commenters, the public comment period was extended to September 8, 2000 (65 FR 29215).

On March 6, 2003, (68 FR 10784), in response to commenters to the 2000 proposed rule, MSHA published a second proposed rule in the **Federal Register**. During May 2003, the agency held six public hearings in Washington, Pennsylvania; Charleston, West Virginia; Evansville, Indiana; Lexington, Kentucky; Birmingham, Alabama; and Grand Junction, Colorado. The hearings were attended by over 500 members of the public. In response to requests from the mining community the Agency extended the post-hearing comment period from June 4, 2003 to July 3, 2003 (68 FR 32005, May 29, 2003). This notice extends the public comment period from July 3, 2003 until further notice is published in the **Federal Register**.

II. Reasons for Extension of Comment Period

The Agency made the decision to extend the comment period on the proposed rule after careful consideration of comments during the May 2003 public hearings concerning the preliminary success of in-mine tests on a prototype of personal dust monitors (PDMs).

The Comment period will remain open during which time:
