In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on April 8, 2003, applicable to workers of TSI Graphics, Inc., Effingham, Illinois. The notice was published in the **Federal Register** on April 24, 2003 (68 FR 20177).

Delphi Automotive Systems Corp., Delphi Delco Electronics Division, Body and Security Team, Oak Creek, WI; Notice of Revised Determination on Remand

The United States Court of International Trade (USCIT), on March 26, 2003, granted the Secretary of Labor's motion for voluntary remand for further investigation of the negative determination in *Former Employees of Delphi Automotive Systems Corp. v. U.S. Secretary of Labor* (Court No. 02-00565).

The Department's initial denial of the petition for employees of Delphi Automotive Systems Corporation, Delphi Delco Electronics Division, Body and Security Team, Oak Creek, Wisconsin (NAFTA-05755) was issued on April 16, 2002 and published in the **Federal Register** on May 2, 2002 (67 FR 22115). The denial was based on the fact that the workers' firm did not produce an article as required for certification under section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974.

On administrative reconsideration, the Department issued a "Notice of Negative Determination Regarding Application for Reconsideration" on June 18, 2002 for the employees of Delphi Automotive Systems Corporation, Delphi Delco Electronics Division, Body and Security Team, Oak Creek, Wisconsin. The notice was published in the **Federal Register** on July 22, 2002 (67 FR 47865 and 47866). The Department affirmed that workers were not engaged in the production of a product at the subject facility. The Department found that any shifts in plant activities were related to engineering, rather than production.

On remand, the Department contacted the company for additional information concerning plant activities and potential shifts in these activities to Mexico.

Based on additional information obtained from the company, it has become apparent that a portion of the functions performed at the subject firm
