**I. General Information**

*A. How Can I Get Copies of This Document and Other Related Information?*

1. The Regional Office has established an official public rulemaking file available for inspection at the Regional Office. The EPA has established an official public rulemaking file for this action under TX-154-2-7609. The official public file consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public rulemaking file does not include Confidential Business Information (CBI) or other information the disclosure of which is restricted by statute. The official public rulemaking file is the collection of materials that is available for public viewing at the Air Permits Section, EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202. The EPA requests that, if at all possible, you contact the rulemaking contact listed as the **FOR FURTHER INFORMATION CONTACT** section above to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 am to 4:30 pm, excluding Federal Holidays.

2. Copies of the State submittal and EPA's Technical Support Document are also available for public inspection during normal business hours, by appointment at the State Air Agency, TCEQ, Office of Air Quality, 12124 Park 35 Circle, Austin, Texas 78753.

3. *Electronic Access.* You may access this **Federal Register** document electronically through the Regulations.gov web site located at <http://www.regulations.gov> where you can find, review, and submit comments on Federal rules that have been published in the **Federal Register**, the Government's legal newspaper, and that are open for comment.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at the EPA Regional Office, as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in the official public rulemaking file. The entire printed comment, including the copyrighted material, will be available at the Regional Office for public inspection. The EPA will process material marked as CBI as described in section C.

*B. How and To Whom Do I Submit Comments?*

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate rulemaking identification number by including the text “Public comment on proposed rulemaking TX-154-2-7609” in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” EPA is not required to consider these late comments.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information

provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *Electronic Mail (E-mail).* Comments may be sent by e-mail to Mr. Stanley M. Spruiell ([spruiell.stanley@epa.gov](mailto:spruiell.stanley@epa.gov)). Please include the text “Public comment on proposed rulemaking TX-154-2-7609” in the subject line. The EPA's e-mail system is not an “anonymous access” system. If you send an e-mail comment directly without going through the Regulations.gov website, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

ii. *Regulations.gov.* Your use of the Regulations.gov Web site is an alternative method of submitting electronic comments to EPA. Go directly to Regulations.gov at <http://www.regulations.gov>, then select Environmental Protection Agency at the top of the page and use the go button. The list of current EPA actions available for comment will be listed. Please follow the online instructions for submitting comments. The web-based system is an “anonymous access” system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Section 2, directly below. These electronic submissions will be accepted in WordPerfect, Word or ASCII file format. Avoid the use of special characters and any form of encryption.
