

to the plan within the first five plan years beginning after the sale.

Additionally, section 4204(b)(1) provides that if a sale of assets is covered by section 4204, the purchaser assumes by operation of law the contribution record of the seller for the plan year in which the sale occurred and the preceding four plan years.

Section 4204(c) of ERISA authorizes the Pension Benefit Guaranty Corporation ("PBGC") to grant individual or class variances or exemptions from the purchaser's bond/escrow requirement of section 4204(a)(1)(B) when warranted. The legislative history of section 4204 indicates a Congressional intent that the sales rules be administered in a manner that assures protection of the plan with the least practicable intrusion into normal business transactions. Senate Committee on Labor and Human Resources, 96th Cong., 2nd Sess., S.1076, The Multiemployer Pension Plan Amendments Act of 1980: Summary and Analysis of Considerations 16 (Comm. Print, April 1980); 128 Cong. Rec. S10117 (July 29, 1980). The granting of an exemption or variance from the bond/escrow requirement does not constitute a finding by the PBGC that a particular transaction satisfies the other requirements of section 4204(a)(1).

Under the PBGC's regulation on variances for sales of assets (29 CFR part 4204), a request for a variance or waiver of the bond/escrow requirement under any of the tests established in the regulation (sections 4204.12 & 4204.13) is to be made to the plan in question. The PBGC will consider waiver requests only when the request is not based on satisfaction of one of the four regulatory tests or when the parties assert that the financial information necessary to show satisfaction of one of the regulatory tests is privileged or confidential financial information within the meaning of 5 U.S.C. 552(b)(4) (Freedom of Information Act).

Under section 4204.22 of the regulation, the PBGC shall approve a request for a variance or exemption if it determines that approval of the request is warranted, in that it—

(1) Would more effectively or equitably carry out the purposes of Title IV of the Act; and

(2) Would not significantly increase the risk of financial loss to the plan.

Section 4204(c) of ERISA and section 4204.22(b) of the regulation require the PBGC to publish a notice of the pendency of a request for a variance or exemption in the **Federal Register**, and to provide interested parties with an

opportunity to comment on the proposed variance or exemption.

The Request

The PBGC has received a request from the Florida Marlins, L.P. (formerly known as Montreal Expos, L.P.) (the "Buyer") for an exemption from the bond/escrow requirement of section 4204(a)(1)(B) with respect to its purchase of the Florida Marlins Baseball Team from the F.M.B.C. II, L.L.C. (the "Seller") on February 15, 2002. In the request, the Buyer represents among other things that:

1. The Seller was obligated to contribute to the Major League Baseball Players Benefit Plan (the "Plan") for certain employees of the sold operations.

2. The Buyer has agreed to assume the obligation to contribute to the Plan for substantially the same number of contribution base units as the seller.

3. The Seller has agreed to be secondarily liable for any withdrawal liability it would have had with respect to the sold operations (if not for section 4204) should the Buyer withdraw from the Fund within the five plan years following the sale and fail to pay its withdrawal liability.

4. The estimated amount of the unfunded vested benefits allocated to the seller with respect to the operations subject to the sale could be as high as \$11,200,000.

5. The amount of the bond/escrow established under section 4204(a)(1)(B) is \$1,254,904.

6. The major league clubs have established the Major League Central Fund (the "Central Fund") pursuant to the Major League Constitution. Under this agreement, contributions to the plan for all participating employers are paid by the Office of the Commissioner of Baseball from the Central Fund on behalf of each participating employer in satisfaction of the employer's pension liability under the Plan's funding agreement. The monies in the Central Fund are derived directly from (i) gate receipts from All-Star games; (ii) radio and television revenue from World Series, League Championship Series, Division Series, All-Star Games, and (iii) certain other radio and television revenue, including revenues foreign broadcasts from regular, spring training and exhibition games.

7. In support of the waiver request, the requester asserts that:

"The Plan is funded directly from Revenues which are paid from the Central Fund directly to the Plan without passing through the hands of any of the clubs. Therefore, the Plan enjoys a substantial degree of security

with respect to contributions on behalf of the clubs. A change in ownership of a club does not affect the obligation of the Central Fund to fund the Plan out of the Revenue. As such, approval of this exemption request would not significantly increase the risk of financial loss to the Plan."

8. During the 2000 Plan year, approximately \$29.3 million was paid into the Plan on behalf of all major league clubs.

9. A complete copy of the request was sent to the Plan and to the Major League Baseball Players Association by certified mail, return receipt requested.

Issued at Washington, DC, on this 2nd day of July, 2003.
