This notice will address three related proposals to improve Public and Indian Housing (PIH) tenant data collection and verification: (1) Approval of the revised Form, HUD-50058, (2) approval to extend the Form HUD-50058 MTW (6/2001), and (3) authorization to collect 3 data elements pertaining to verified benefit payments from the Social Security Administration and 6 data elements pertaining to verified wage and unemployment insurance payments. When integrated, these three collection tools will allow HUD to gather more complete and accurate tenant information with which to monitor program performance.

Background

(1) Form HUD-50058

The Department of Housing and Urban Development (HUD) intends to revise Form HUD-50058 in a manner that will require changes to the HUD Form, HUD-50058 Module in the Public and Indian Housing Information Center (PIC), but will not require changes in software systems of public housing agencies or vendors supporting public housing agencies. HUD will maintain the current information collection burden until the changes in HUD's PIC system have been completed. Therefore, HUD seeks comments on the proposed revisions to the Form HUD-50058 and on the proposal to extend the existing Form HUD-50058 (6/2001) until the revisions are fully implemented.

The Form HUD-50058 collects demographic and income data on residents participating in PIH's Public Housing, Section 8 Housing Choice Voucher, Section 8 Project Based Certificates, and Section 8 Moderate Rehabilitation programs. Public housing agencies will transmit the form electronically to HUD at least annually for each household.

The Department updated the currently approved Form HUD-50058 by removing obsolete and unnecessary data fields. These deletions will not require vendors to modify their software for reporting family data to the Public and Indian Housing Information Center (PIC)—the information system that collects electronic Form HUD-50058 data. Public housing agencies should not modify their software to reflect the deletions, but they are no longer required to send data in the fields that HUD has deleted. If public housing agencies submit data for the deleted fields using the file structure of the current form (Form HUD-50058 (6/2001)), the PIC system will ignore the data.

HUD conducted a two-day industry consultation session with public housing agencies (PHA), trade organizations, vendors, and other interested parties in November 2002 to collect suggestions to improve the Form HUD-50058 and the reporting rate by public housing agencies to the Form 50058 Module in the Public and Indian Housing Information Center. The Department reviewed all of the suggestions gathered at the consultation session and incorporated them where possible into the revised Form HUD-50058, resulting in modest changes to the form, none of which require changes to vendor software. HUD continues to work collaboratively with the user community to produce an improved Form HUD-50058 that meets the needs of HUD, public housing agencies, and other users.

(2) Form HUD-50058 MTW

HUD seeks comments on the proposal to extend the existing Form HUD-50058 MTW (6/2001). The Form HUD-50058 MTW collects demographic and income data on residents participating in PIH's Public Housing, Section 8 Housing Choice Voucher, Section 8 Project Based Certificates, and Section 8 Moderate Rehabilitation programs and whose public housing agencies participate in the Moving-to-Work (MTW) program. MTW-PHA (*i.e.*, public housing agencies participating in the Moving-to-Work demonstration program) will transmit the form electronically to HUD at least annually for each household.

Form HUD-50058 MTW addresses the particular reporting requirements and constraints for public housing agencies that participate in the Moving-to-Work (MTW) demonstration program mandated by Section 206 of the 1996 HUD Appropriations Act. This information collection effort supports MTW program monitoring and evaluation, as required by Congress.
