#### Notice of Preliminary Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Negative Preliminary Determination of Critical Circumstances: Prestressed Concrete Steel Wire Strand From Thailand

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary determination of sales at less than fair value, postponement of final determination, and negative preliminary determination of critical circumstances.

**EFFECTIVE DATE:** July 17, 2003.

**FOR FURTHER INFORMATION CONTACT:** Carol Henninger or Amber Musser at (202) 482-3003 or (202) 482-1777, respectively; AD/CVD Enforcement Group II Office 5, Import Administration, Room 1870, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

#### SUPPLEMENTARY INFORMATION:

##### Preliminary Determination

We preliminarily determine that prestressed concrete steel wire strand (PC strand) from Thailand is being sold, or is likely to be sold, in the United States at less than fair value (LTFV), as provided in section 733 of the Tariff Act of 1930, as amended. The estimated margins of sales at LTFV are shown in the *Suspension of Liquidation* section of this notice. In addition, we preliminarily determine that critical circumstances do not exist with respect to PC strand produced and exported by the respondent in this investigation as well as all other producers/exporters.

Interested parties are invited to comment on this preliminary determination. We will make our final determination not later than 135 days after the date of publication of this preliminary determination in the **Federal Register**.

## Case History

This investigation was initiated on February 20, 2003.<sup>1</sup> See *Notice of Initiation of Antidumping Duty Investigations: Prestressed Concrete Steel Wire Strand from Brazil, India, the Republic of Korea, Mexico, and Thailand*, 68 FR 9050 (February 27, 2003) (*Initiation Notice*). Since the initiation of the investigation, the following events have occurred:

The Department of Commerce (the Department) set aside a period for all interested parties to raise issues regarding product coverage. See *Initiation Notice*, 68 FR at 9050. No comments were received from interested parties in this investigation.

The Department issued a letter on March 7, 2003, to interested parties in all of the concurrent PC strand antidumping investigations, providing an opportunity to comment on the Department's proposed model match characteristics and its hierarchy of characteristics. The petitioners submitted comments on March 18 and 20, 2003. The Department also received comments on model matching from respondents in the concurrent investigation involving Mexico on March 18, 2003. These comments were taken into consideration by the Department in developing the model matching characteristics and hierarchy for all of the PC strand antidumping investigations.

On March 17, 2003, the United States International Trade Commission (ITC) preliminarily determined that there is a reasonable indication that imports of the products subject to this investigation are materially injuring an industry in the United States producing the domestic like product. See *Prestressed Concrete Steel Wire Strand From Brazil, India, Korea, Mexico, and Thailand*, 68 FR 13952 (March 21, 2003).

On April 4, 2003 the Department issued its antidumping questionnaire to Siam Industrial Wire Co., Ltd. (SIW).<sup>2</sup> We received responses to sections A-D of the antidumping questionnaire and

<sup>1</sup> The petitioners in this investigation are American Spring Wire Corp., Insteel Wire Products Company, and Sumiden Wire Products Corp.

<sup>2</sup> Section A of the questionnaire requests general information concerning a company's corporate structure and business practices, the merchandise under investigation that it sells, and the manner in which it sells that merchandise in all of its markets. Section B requests a complete listing of all home market sales or, if the home market is not viable, of sales in the most appropriate third-country market (this section is not applicable to respondents in non-market economy cases). Section C requests a complete listing of U.S. sales. Section D requests information on the cost of production of the foreign like product and the constructed value of the merchandise under investigation. Section E requests information on further manufacturing.
