

Federal Register a notice of proposed rulemaking and request for comment on the subject. The Census Bureau did not receive any public comments.

Program Requirements

In order to clarify and update the general rules applying to the Age Search Program, the Census Bureau is making the following four amendments to Title 15, Code of Federal Regulations (CFR), parts 50 and 80:

- Amend Section 50.1 to change the time frame from 120 days to 90 days for submitting any required additional information after completing an initial, unsuccessful search. This change is inconsistent with current policy on the issue.
- Amend Section 50.5 to update the note following the chart on the fee structure. The Census Bureau has not had a fee increase since 1993.
- Amend Section 80.1 to clarify the procedures for releasing census information. This change is consistent with current policy on the issue.
- Amend Section 80.1 to reflect the current address.

Regulatory Flexibility Act

The Chief Counsel for Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration that this rule would not have a significant economic impact on a substantial number of small entities. The factual basis for this certification was published with the proposed rule. No comments were received regarding the economic impact of this rule. As a result, no final regulatory flexibility analysis was prepared.

Executive Orders

This rule has been determined to be not significant for purposes of Executive Order 12866. This rule does not contain policies with federalism implications as that term is defined in Executive Order 13132.

Paperwork Reduction Act

This notice contains a collection of information requirements subject to the Paperwork Reduction Act. The Form BC-600, referenced in the amended language for section 80.1, has been cleared under OMB control number 0607-0117.

SUPPLEMENTARY INFORMATION:

Background

A Notice of Proposed Rulemaking was published in the **Federal Register** (68 FR 1172) on January 9, 2003, which proposed to amend § 101.3(b)(1), Customs Regulations (19 CFR 101.3(b)(1)), to extend the geographical limits of the port of entry of Portland, Maine, to include the City of Auburn in order to provide better service to carriers, importers, and the general public. The proposal was made in order to include the City of Auburn within the port limits to facilitate the clearance of international cargo at the Auburn Intermodal Facility ("AIF"). AIF is a rail/truck intermodal facility with a high cube, doublestack intermodal terminal.
