Deletions

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. If approved, the action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities.
2. If approved, the action will result in authorizing small entities to furnish the product to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the product proposed for deletion from the Procurement List. (End of Certification)

The following product is proposed for deletion from the Procurement List:

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 34–2003]

Foreign-Trade Zone 39—Dallas/Fort Worth, TX; Application for Subzone Maxtor Corporation (Data Storage Products) Coppell, TX

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Dallas/Fort Worth International Airport Board, grantee of FTZ 39, requesting special-purpose subzone status for the assembly and warehousing facilities of Maxtor Corporation (Maxtor), located in Coppell, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on July 2, 2003.

The Maxtor facility (18 acres, 245 employees) is located at 611 South Royal Lane, Coppell, Texas. The facility will be used for the assembly and distribution of internal and external hard disk drive kits, retail kits and accessory kits (HTS 8471.70 and 8471.80, duty-free). Components and materials sourced from abroad (representing 97% of all parts used in the assembly process) include: external and internal drives, electrical power supplies, electrical power cables, hard disk drive controller cards, data cables, printed circuit boards, cabling, plastic covers, UV resin, brackets, tape, HDD screws, software, acrylic plates and packaging (HTS 3919.10, 3926.90, 4819.40, 4821.10, 4901.99, 7318.15, 7326.90, 8471.70, 8471.80, 8473.30, 8504.40, 8524.31, 8524.91, 8544.41, 8544.51, duty rate ranges from duty-free to 8.6%).

FTZ procedures would exempt Maxtor from Customs duty payments on the foreign components used in export production. Some 6 percent of the plant's shipments are exported. On its domestic sales, Maxtor would be able to choose the duty rates during Customs entry procedures that apply to the assembled data storage kits (duty-free) for the foreign components noted above. The request indicates that the savings from FTZ procedures would help
