

serve on the CASAC, COUNCIL, the SAB Executive Committee, and/or the SAB's standing committees (e.g., Drinking Water Committee, Ecological Processes and Effects Committee, Environmental Economics Advisory Committee, Environmental Engineering Committee, Environmental Health Committee, Integrated Human Exposure Committee, Radiation Advisory Committee, and Research Strategies Advisory Committee).

How to Apply—Any interested person or organization may nominate qualified persons to serve on the SAB. Individuals may self-nominate. Nominees should be qualified by scientific education, training, and experience to evaluate scientific, engineering and/or economics information on issues referred to and addressed by the SAB. Successful candidates have distinguished themselves professionally and should be available to invest the time and effort to advance the cause of the supporting use of good science through the efforts of the SAB. Nominations should be submitted in electronic format (which is preferred over hard copy) through the *Form for Nominating Individuals to Panels of the EPA Science Advisory Board* provided on the SAB Web site. The form can be accessed through a link on the blue navigational bar on the SAB Web site, <http://www.epa.gov/sab/>. To be considered, all nominations should include the information requested on that form.

The nominating form requests contact information about the person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's resume; and a general biosketch of the nominee indicating education, expertise, past research, recent service on other advisory committees or with professional associations, and recent grant and/or contract support.

Anyone who has any question concerning any aspect of the nomination process may contact Mr. Robert Flaak as indicated above in this FR notice. Anyone who is unable to submit nominations through the SAB Web site should contact Ms. Diana Pozun as indicated above in this FR notice. Non-electronic submissions must follow the same format and contain the same information as the electronic form.

The EPA Science Advisory Board Staff Office will acknowledge receipt of nominations. From the nominees identified by respondents to this **Federal Register** notice and through other sources, the SAB Staff Office will

develop a list of recommended candidates to submit to the EPA Administrator for selection as Members.

The EPA SAB seeks the inclusion of candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the issues facing the Agency. Specific criteria to be used in evaluating potential Members include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) absence of financial conflicts of interest; (c) scientific credibility and impartiality; (d) availability and willingness to serve; and (e) ability to work constructively and effectively in committees.

Those candidates ultimately chosen to serve as Members will be appointed as Special Government Employees. As a result, they will all be required to fill-out the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities as a Special Government Employee and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address: <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>. This form should not be submitted as part of a nomination.

Dated: July 10, 2003.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.
