[Docket No. FV03-948-3 PR]

Irish Potatoes Grown in Colorado; Increased Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This rule would increase the assessment rate established for the Area No. 2 Colorado Potato Administrative Committee (Committee) for the 2003-2004 and subsequent fiscal periods from \$0.0035 to \$0.0051 per hundredweight of potatoes handled. The Committee locally administers the marketing order which regulates the handling of potatoes grown in Colorado. Authorization to assess potato handlers enables the Committee to incur expenses that are reasonable and necessary to administer the program. The fiscal period begins September 1 and ends August 31. The assessment rate would remain in effect indefinitely unless modified, suspended, or terminated.

DATES: Comments must be received by August 20, 2003.

SUPPLEMENTARY INFORMATION: This rule is issued under Marketing Agreement No. 97 and Order No. 948, both as amended (7 CFR part 948), regulating the handling of potatoes grown in Colorado, hereinafter referred to as the "order." The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), hereinafter referred to as the "Act."

The Department of Agriculture (USDA) is issuing this rule in conformance with Executive Order 12866.

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. Under the marketing order now in effect, Colorado potato handlers are subject to assessments. Funds to administer the order are derived from such assessments. It is intended that the assessment rate as proposed herein would be applicable to all assessable potatoes beginning on September 1, 2003, and continue until amended, suspended, or terminated. This rule will not preempt any State or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with law and request a modification of the order

or to be exempted therefrom. Such handler is afforded the opportunity for a hearing on the petition. After the hearing USDA would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review USDA's ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

This rule would increase the assessment rate established for the Committee for the 2003-2004 and subsequent fiscal periods from \$0.0035 to \$0.0051 per hundredweight of potatoes.

The Colorado potato marketing order provides authority for the Committee, with the approval of USDA, to formulate an annual budget of expenses and collect assessments from handlers to administer the program. The members of the Committee are producers and handlers of Colorado potatoes. They are familiar with the Committee's needs and with the costs for goods and services in their local area and are thus in a position to formulate an appropriate budget and assessment rate. The assessment rate is formulated and discussed in a public meeting. Thus, all directly affected persons have an opportunity to participate and provide input.

For the 2001-2002 and subsequent fiscal periods, the Committee recommended, and USDA approved, an assessment rate that would continue in effect from fiscal period to fiscal period unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other information available to USDA.

The Committee met on May 15, 2003, and recommended 2003-2004 expenditures of \$85,695 and an assessment rate of \$0.0051 per hundredweight of potatoes. In comparison, last year's budgeted expenditures were \$74,643. The assessment rate of \$0.0051 is \$0.0016 higher than the rate currently in effect. The higher assessment rate is necessary to offset an increase in salaries and operation expenses.

The major expenditures recommended by the Committee for the 2003-2004 fiscal period include \$54,520
