

*F. Matching Requirement*

Although there are no matching requirements, applicants are encouraged to provide non-Federal contributions to the project.

**Part III. Application Requirements**

The following Uniform Project Description (UPD) has been approved by OMB under control number 0970-0139.

*A. Purpose*

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description, all information requested through each specific evaluation criteria should be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application.

*B. General Instructions*

ACF is particularly interested in specific factual information and statements of measurable goals in quantitative terms. Project descriptions are evaluated on the basis of substance, not length. Extensive exhibits are not required. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix. Pages should be numbered and a table of contents should be included for easy reference.

*Introduction*

Applicants are required to submit a full project description and shall prepare the project description statement in accordance with the following instructions and the specified evaluation criteria. The instructions give a broad overview while the evaluation criteria expand and clarify more program-specific information that is needed.

*a. Project Summary/Abstract*

Provide a summary of the project description (a page or less) with reference to the funding request.

*b. Objectives and Need for Assistance*

Clearly identify the physical, economic, social, financial, institutional, and or problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated); some of which may be outside the scope of the program announcement.

*c. Results or Benefits Expected*

Identify the results and benefits to be derived. For example, using a comprehensive review of the current literature, justify how the research questions and the findings will add new knowledge to the field or how it will improve services for children and families.

*d. Approach*

Outline a plan of action, which describes the scope, and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors, which might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the accomplishments to be achieved for each function or activity in such terms as the proportion of data collection expected to be completed. When activity or function cannot quantify accomplishments, list them in chronological order to show the schedule of accomplishments and their target dates.

If any data are to be collected maintained, and/or disseminated, clearance may be required from the U.S. Office of Management and Budget (OMB). This clearance pertains to any "collection of information" that is

conducted or sponsored by ACF. List organizations, cooperating entities, consultants, or other key individuals whom will work on the project along with a short description of the nature of their effort or contribution.

*C. Additional Information*

Following is a description of additional information that should be placed in the appendix to the application:

*a. Staff and Position Data*

Provide a biographical sketch for each key person appointed and a job description for each vacant key position. A biographical sketch with acceptable credentials will also be required for new key staff as appointed.

*b. Organizational Profiles*

Provide information on the applicant organization(s) and cooperating partners such as organizational charts, financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. Any non-profit organization submitting an application must submit proof of its non-profit status in its application at the time of submission. The non-profit agency can accomplish this by providing a copy of the applicant's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in section 501(c)(3) of the IRS code, or by providing a copy of the currently valid IRS tax exemption certificate, or by providing a copy of the articles of incorporation or similar document that clearly establishes non-profit status bearing the seal of the State in which the corporation or association is domiciled or a statement from a State taxing body, State attorney general, or other appropriate State official certifying the applicant organization has a non-profit status and none of the net earnings accrue to any private shareholders or individuals or any of the items in the subparagraphs immediately above for a State or national organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate. Faith-based institutions are encouraged to submit with their application the optional
