

duplicative costs or fees to the Funds or shareholders, and that PBA will receive no additional compensation for its services in administering the credit facility. Applicants also note that the purpose of the proposed credit facility is to provide economic benefits for all of the participating Funds and their shareholders.

6. Section 18(f)(1) prohibits open-end investment companies from issuing any senior security except that a company is permitted to borrow from any bank; if immediately after the borrowing, there is asset coverage of at least 300 percent for all borrowings of the company. Under section 18(g) of the Act, the term "senior security" includes any bond, debenture, note or similar obligation or instrument constituting a security and evidencing indebtedness. Applicants request relief from section 18(f)(1) to the limited extent necessary to implement the credit facility (because the lending Funds are not banks).

7. Applicants believe that granting relief under section 6(c) is appropriate because the Funds would remain subject to the requirement of section 18(f)(1) that all borrowings of the Fund, including combined interfund and bank borrowings, have at least 300% asset coverage. Based on the conditions and safeguards described in the application, applicants also submit that to allow the Funds to borrow from other Funds pursuant to the proposed credit facility is consistent with the purposes and policies of section 18(f)(1).

8. Section 17(d) and rule 17d-1 generally prohibit any affiliated person of a registered investment company, or affiliated persons of an affiliated person, when acting as principal, from effecting any joint transactions in which the company participates unless the transaction is approved by the Commission. Rule 17d-1 provides that in passing upon applications filed under the rule, the Commission will consider whether the participation of a registered investment company in a joint enterprise on the basis proposed is consistent with the provisions, policies, and purposes of the Act and the extent to which the company's participation is on a basis different from or less advantageous than that of other participants.

9. Applicants submit that the purpose of section 17(d) is to avoid overreaching by and unfair advantage to investment company insiders. Applicants believe that the credit facility is consistent with the provisions, policies, and purposes of the Act in that it offers both reduced borrowing costs and enhanced returns on loaned funds to all participating Funds and their shareholders.

Applicants note that each Fund would have an equal opportunity to borrow and lend on equal terms consistent with its investment policies and fundamental limitations. Applicants therefore believe that each Fund's participation in the credit facility will be on terms that are no different from or less advantageous than that of other participating Funds.

Applicants' Conditions

Applicants agree that any order granting the requested relief will be subject to the following conditions:

1. The interest rates to be charged to the Funds under the credit facility will be the average of the Repo Rate and the Bank Loan Rate.

2. On each business day, the Credit Facility Committee will compare the Bank Loan Rate with the Repo Rate and will make cash available for Interfund Loans only if the Interfund Loan Rate is (a) More favorable to the lending Fund than the Repo Rate, and (b) more favorable to the borrowing Fund than the Bank Loan Rate.

3. If a Fund has outstanding borrowings, any Interfund Loans made to the Fund (a) Will be made at an interest rate equal to or lower than any outstanding bank loan; (b) will be secured at least on an equal priority basis with at least an equivalent percentage of collateral to loan value as any outstanding bank loan that requires collateral; (c) will have a maturity no longer than any outstanding bank loan (and in any event not over seven days); and (d) will provide that, if an event of default occurs under any agreement evidencing an outstanding bank loan to the Fund, that event of default will automatically (without need for action or notice by the lending Fund) constitute an immediate event of default under the Interfund Lending Agreement entitling the lending Fund to call the Interfund Loan (and exercise all rights with respect to collateral) and that such call will be made if the lending bank exercises its right to call its loan under its agreement with the borrowing Fund.

4. A Fund may make an unsecured borrowing through the credit facility if its outstanding borrowing from all sources immediately after the interfund borrowing total 10% or less than its total assets, provided that if the Fund has a secured loan outstanding from any other lender, including but not limited to another Fund, the Fund's interfund borrowing will be secured on at least an equal priority basis with at least an equivalent percentage of collateral to loan value as any outstanding loan that requires collateral. If a Fund's total outstanding borrowings immediately after an interfund borrowing would be

greater than 10% of its total assets, the Fund may borrow through the credit facility on a secured basis only. A Fund may not borrow through the credit facility or from any other source if its total borrowings immediately after the interfund borrowing would be more than 33⅓% of its total assets.

5. Before any Fund that has outstanding interfund borrowings may, through additional borrowings, cause its outstanding borrowings from all sources to exceed 10% of its total assets, the Fund must first secure each outstanding Interfund Loan by the pledge of segregated collateral with a market value at least equal to 102% of the outstanding principal value of the loan. If the total outstanding borrowings of a Fund with outstanding Interfund Loans exceed 10% of its total assets for any other reason (such as a decline in net asset value or because of shareholder redemptions), the Fund will within one business day thereafter (a) Repay all its outstanding Interfund Loans; (b) reduce its outstanding indebtedness to 10% or less of its total assets; or (c) secure each outstanding Interfund Loan by the pledge of segregated collateral with a market value at least equal to 102% of the outstanding principal value of the loan until the Fund's total outstanding borrowings cease to exceed 10% of its total assets, at which time the collateral called for by this condition (5) shall no longer be required. Until each Interfund Loan that is outstanding at any time that a Fund's total outstanding borrowings exceeds 10% is repaid or the Fund's total outstanding borrowings cease to exceed 10% of its total assets, the Fund will mark the value of the collateral to market each day and will pledge such additional collateral as is necessary to maintain the market value of the collateral that secures each outstanding Interfund Loan at least equal to 102% of the outstanding principal value of the loan.

6. No Fund may lend to another Fund through the credit facility if the loan would cause the lending Fund's aggregate outstanding loans through the credit facility to exceed 15% of its net assets at the time of the loan.

7. A Fund's Interfund Loans to any one Fund shall not exceed 5% of the lending Fund's net assets.

8. The duration of Interfund Loans will be limited to the time required to receive payment for securities sold, but in no event more than seven days. Loans effected within seven days of each other will be treated as separate loan transactions for purposes of this condition.

9. Except as set forth in this condition, no Fund may borrow through
