

### Emergency Action

This rulemaking is necessary on an emergency basis to provide protection from the Japanese beetle to Colorado and Montana during the 2003 season of Japanese beetle activity, which begins in mid-June in many parts of the country. Under these circumstances, the Administrator has determined that prior notice and opportunity for public comment are contrary to the public interest and that there is good cause under 5 U.S.C. 553 for making this rule effective less than 30 days after publication in the **Federal Register**.

We will consider comments we receive during the comment period for this interim rule (see **DATES** above). After the comment period closes, we will publish another document in the **Federal Register**. The document will include a discussion of any comments we receive and any amendments we are making to the rule.

### Executive Order 12866 and Regulatory Flexibility Act

This rule has been reviewed under Executive Order 12866. For this action, the Office of Management and Budget has waived its review under Executive Order 12866.

This emergency situation makes timely compliance with section 604 of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) impracticable. We are currently assessing the potential economic effects of this action on small entities. Based on that assessment, we will either certify that the rule will not have a significant economic impact on a substantial number of small entities or publish a final regulatory flexibility analysis.

### Executive Order 12988

### Paperwork Reduction Act

This interim rule contains no information collection or recordkeeping requirements under the Paperwork

Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

**ACTION:** Interim final rule with request for comments.

**SUMMARY:** This rule suspends the outgoing prune inspection and quality requirements under the California Dried Prune Marketing Order (Order) and its administrative rules and regulations, and the prune import regulation, for a three-year period, and modifies the Order’s undersized prune disposition requirements. **DATES:** Effective August 1, 2003 through July 31, 2006, except for the amendments to § 993.150 (g)(2) and (g)(3), which are effective August 1, 2003. Comments received by September 22, 2003 will be considered prior to issuance of a final rule.
