

**Department's Position:**

We agree with the Petitioners that the Department erred in calculating Agifish's, CATACO's, and Nam Viet's cold storage warehousing costs. In their December 30, 2002 supplemental response, Agifish, CATACO and Vinh Hoan reported their respective number of days that the subject merchandise is kept in cold storage at its warehouses. However, we inadvertently did not multiply the cold storage cost by the number of days each company stores the subject merchandise in cold storage in the *Final Determination*. Accordingly, the error regarding the cold storage costs is an error within the meaning of 19 C.F.R. 351.224(f) with regard to Agifish, CATACO and Nam Viet. Therefore, we have multiplied each companies' number of storage days by the single-

day cold storage rate of \$0.0025 to calculate the company-specific cold storage warehousing costs. For a more detailed explanation, please see the company specific analysis memoranda.

**Continuation of Suspension of Liquidation**

In accordance with section 735(c)(1)(B) of the Act, we are directing the U.S. Bureau of Customs and Border Protection ("Customs") to continue to suspend liquidation of all entries of subject merchandise from Vietnam, that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the *Preliminary Determination* for Agifish, CATACO, Vinh Hoan, Mekonimex, and Viet Hai. With respect to Nam Viet, QVD, Da Nang, Afifex, Cafatex, Vinh

Long and all other Vietnam exporters, the Department will continue to direct Customs to suspend liquidation of all entries of certain frozen fish fillets from Vietnam that are entered, or withdrawn from warehouse, on or after 90 days before the date of publication of the *Preliminary Determination*. Customs shall continue to require a cash deposit or posting of a bond equal to the estimated amount by which the normal value exceeds the U.S. price as shown below. This suspension of liquidation instructions will remain in effect until further notice.

**Amended Final Determination**

We determine that the following weighted-average dumping margins exist for the period October 1, 2001 through March 30, 2002:

**International Trade Commission Notification**

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our amended final determination. If the ITC determines that material injury, or threat of material injury does not exist, the proceeding will be terminated and all securities posted will be refunded or cancelled. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing Customs officials to assess antidumping duties on all imports of subject merchandise entered for consumption on or after the effective date of the suspension of liquidation.

This determination is issued and published in accordance with sections 735(d), 735(e) and 777(i)(1) of the Act.
