

unless the Agency receives substantive comments within the comment period that would merit further review of the request. The registration for which cancellation was requested is identified in Table 1. of this unit.

Unless a request is withdrawn by the registrant within 30 days of publication of this notice, orders will be issued canceling this registration. Users of this pesticide or anyone else desiring the retention of a registration should contact the applicable registrant directly during this 30-day period.

Table 2 of this unit includes the name and address of record for the registrant of the product in Table 1 of this unit.

### III. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, the Administrator may approve such a request.

### IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**, postmarked before August 25, 2003. This written withdrawal of the request for cancellation will apply only to the applicable FIFRA section 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

### V. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The order effecting this requested cancellation will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in the **Federal Register** of June 26, 1991 (56 FR 29362) (FRL-3846-4). Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a Data Call-In. In all cases, product-specific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold, or used legally until they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product. Exception to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in a Special Review action, or where the Agency has identified significant potential risk concerns associated with a particular chemical.

In the letter the Agency received from the registrant on May 20, 2003, the registrant stated that the Hybrex 2LC Chemical Hybridizing product has not been sold since 1989 nor has the chemical ever been distributed. Therefore, no products should be in the channels of trade.

### FEDERAL COMMUNICATIONS COMMISSION

[CC Docket 98-67; DA 03-2332]

### Notice of Certification of State Telecommunications Relay Service (TRS) Programs

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** The purpose of this document is to notify state Telecommunications Relay Service (TRS) programs that certification of their program has been granted through July 26, 2008. Notice is hereby given that the applications for certification of state Telecommunications Relay Services (TRS) programs of the states listed below have been granted, subject to the condition described below, pursuant to Title IV of the Americans with Disabilities Act (ADA), 47 U.S.C. 225(f)(2), and section 64.605(b) of the Commission's rules, 47 CFR 64.605(b). The Commission will provide further Public Notice of the certification of the remaining applications for certification once final review of those states' applications has been completed. On the basis of the state applications, the Commission has determined that: the TRS program of the states meet or exceed all operational, technical, and functional minimum standards contained in section 64.604 of the Commission's rules, 47 CFR 64.604; the TRS programs of the listed states make available adequate procedures and remedies for enforcing the requirements of the state program; and the TRS programs of the listed states in no way conflict with federal law.

**DATES:** This certification shall remain in effect for a five year period, beginning July 26, 2003, and ending July 25, 2008, pursuant to 47 CFR 64.605(c).

**ADDRESSES:** Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554.
