AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to change the regulation governing the Rock Island Railroad & Highway Drawbridge, across the Upper Mississippi River at Mile 482.9, at Rock Island, Illinois. The drawbridge need not open for river traffic and may remain in the closed-to-navigation position from 7:30 a.m. to 11:30 a.m. on September 28, 2003. This proposed rule would allow the annually scheduled running of a foot race as part of a local community event.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to the Eighth Coast Guard District, Bridge Branch, at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

On February 19, 2003, the Department of the Army Rock Island Arsenal requested a temporary change to the operation of the Rock Island Railroad & Highway Drawbridge across the Upper Mississippi River, Mile 482.9 at Rock Island, Illinois to allow the drawbridge to remain in the closed to navigation position for a four hour period while a foot race is run across the drawbridge. Navigation on the waterway consists primarily of commercial tows and recreational watercraft that will be minimally impacted by the limited closure period of four hours. Presently, the draw opens on signal for passage of river traffic. The Rock Island Arsenal requested the drawbridge be permitted to remain closed-to-navigation from 7:30 a.m. until 11:30 a.m. on Sunday, September 28, 2003.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

The Coast Guard expects that this temporary change to operation of the Rock Island Railroad & Highway

Drawbridge will have minimal economic impact on commercial traffic operating on the Upper Mississippi River. This temporary change has been written in such a manner as to allow for minimal interruption of the drawbridge's regular operation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule will be in effect for only 4 hours early on a Sunday morning, and the Coast Guard expects the impact of this action to be minimal.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Mr. Roger K. Wiebusch, Bridge Administrator, Eighth Coast Guard District, Bridge Branch, at (314) 539-3900, extension 2378.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of
