

reducing the additional holding and storage payments for 2002 reserve raisins intended for use as cattle feed so that such payments will accrue beginning September 13, 2003, rather than August 1, 2003.

This rule imposes no additional reporting or recordkeeping requirements on either small or large raisin handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies. Finally, USDA has not identified any relevant Federal rules that duplicate, overlap or conflict with this rule.

Further, the RAC's Administrative Issues Subcommittee and RAC meetings on July 2, 2003, where this action was deliberated were both public meetings widely publicized throughout the raisin industry. All interested persons were invited to attend the meetings and participate in the industry's deliberations. Finally, all interested persons are invited to submit information on the regulatory and informational impacts of this action on small businesses.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/moab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 60-day comment period is invited to allow interested persons to respond to this rule. All written comments timely received will be considered prior to finalization of this rule.

After consideration of all relevant material presented, including the information and recommendation submitted by the RAC and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it is also found and determined upon good cause that it is impracticable, unnecessary, and contrary to the public interest to give preliminary notice prior to putting this rule into effect, and that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** because: (1) This action needs to be in place by August 1, 2003, so that additional payments regarding reserve raisins held by handlers on August 1, 2003, and intended for cattle feed will be incurred beginning September 13, 2003, rather than August 1 2003; (2)

handlers and producers are aware of this action which was recommended by the RAC at a public meeting; (3) the action was recommended by a unanimous vote of the RAC; and (4) this interim final rule provides a 60-day comment period for written comments and all comments timely received will be considered prior to finalization of this rule.
