

earth are published in paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment and, therefore, is issuing it as a direct final rule. Previous actions of this nature have not been controversial and have not resulted in adverse comments or objections. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the dates specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Interested parties are invited to participate in this rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2003-15461/Airspace Docket No. 03-ACE-59." The postcard will be date/time stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between

the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Adoption of Updated EDGAR Filer Manual

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Securities and Exchange Commission (the Commission) is adopting revisions to the EDGAR Filer Manual to reflect updates to the EDGAR system made primarily to improve the functionality of the SEC's Online Forms website. The website is currently used for preparing and submitting ownership reports, Forms 3, 4, 5 and their amendments, Forms 3/A, 4/A and 5/A, required under section 16(a) of the Securities Exchange Act of 1934, generally as required by section 403 of the Sarbanes-Oxley Act of 2002. Some of the improved functionality includes the ability to list holdings of securities separately from securities transactions; facilitating the reporting of gift, phantom stock plan and similar transactions; automatic entry of the filer's address by the system based on the filer's CIK number and the ability to change the address for the filing¹; and XML schema and stylesheet updates to support these changes. In addition, the new release will include support for extended EDGAR filing and dissemination to 6 a.m., as a trial to assess its usefulness to filers; same day acceptance and dissemination of Form 3, 4 and 5 filings and Securities Act of 1933, Rule 462(b) filings, MEF form types, received on business days on or

¹ Changes of address will be effective for that filing only. EDGAR filers are reminded of their responsibility to ensure that their address of record, as reflected in the EDGAR database, is kept current. This can be done by selecting the Information Exchange—Retrieve/Edit Data option from the EDGAR OnlineForms Website.
