Filing Information

As a courtesy, we are making information related to sunset proceedings, including copies of the Department's regulations regarding sunset reviews (19 CFR 351.218) and *Sunset Policy Bulletin*, the Department's schedule of sunset reviews, case history information (*i.e.*, previous margins, duty absorption determinations, scope language, import volumes), and service lists, available to the public on the Department's sunset Internet website at the following address: <http://ia.ita.doc.gov/sunset/>.

All submissions in these sunset reviews must be filed in accordance with the Department's regulations regarding format, translation, service, and certification of documents. These rules can be found at 19 CFR 351.303. Also, we suggest that parties check the Department's sunset website for any updates to the service list before filing any submissions. The Department will make additions to and/or deletions from the service list provided on the sunset website based on notifications from parties and participation in this review. Specifically, the Department will delete from the service list all parties that do not submit a substantive response to the notice of initiation.

Because deadlines in a sunset review are, in many instances, very short, we urge interested parties to apply for access to proprietary information under administrative protective order ("APO") immediately following publication in the **Federal Register** of the notice of initiation of the sunset review. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304-306.

Information Required From Interested Parties

Domestic interested parties (defined in 19 CFR 351.102(6)) wishing to participate in these sunset reviews must respond not later than 15 days after the date of publication in the **Federal Register** of the notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19

CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review. See 19 CFR 351.218(d)(1)(iii).

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that *all parties* wishing to participate in the sunset review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of the notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic interested parties. Also, note that the Department's information requirements are distinct from the International Trade Commission's information requirements. Please consult the Department's regulations for information regarding the Department's conduct of sunset reviews.¹ Please consult the Department's regulations at 19 CFR Part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: July 29, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Grant Aldonas, Undersecretary.

[FR Doc. 03-19649 Filed 7-31-03; 8:45 am]

BILLING CODE 3510-DS-P

¹ A number of parties commented that these interim-final regulations provided insufficient time for rebuttals to substantive responses to a notice of initiation, 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), the Department will consider individual requests for extension of that five-day deadline based upon a showing of good cause.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration, National Marine Fisheries Service

[I.D. 072403C]

Availability of the Humboldt Bay Municipal Water District Habitat Conservation Plan for its Mad River Operations, Implementation Agreement, and Draft Environmental Assessment, Humboldt County, California

AGENCY: National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice of Availability; request for comments.

SUMMARY: The Humboldt Bay Municipal Water District of Humboldt County, California (District) has applied for an Incidental Take Permit (ITP) from the National Marine Fisheries Service (NMFS) pursuant to the Endangered Species Act, as amended (ESA). In conjunction with this application, the District has prepared a Habitat Conservation Plan for its Mad River Operations (Plan) and an Implementation Agreement (IA). NMFS has prepared and announces the availability of a draft Environmental Assessment (EA) for the District's ITP application. The District's ITP application is related to their managed release and diversion of flow in the Mad River, located in Humboldt County, CA, and to their operation and maintenance of facilities associated with this activity. The duration of the proposed ITP and Plan is 50 years.

NMFS is providing this notice in order to allow other agencies and the public an opportunity to review and comment on the ITP application, Plan, IA, and draft EA, to scope alternatives and impacts to be considered, and to comment on effects to cultural and historic properties. All comments received will become part of the public record and will be available for review pursuant to the ESA.

DATES: Public meetings will be held on August 20, 2003, from 1 p.m. to 3 p.m.
