#### Documents Reviewed by NACMCF

FSIS intends to make available to the public all materials that are reviewed and considered by NACMCF regarding its deliberations. Generally, these materials will be made available as soon as possible after the full committee meeting. Further, FSIS intends to make these materials available in both electronic format on the FSIS web page, as well as hard copy format in the docket room. Whenever possible given time constraints, FSIS tries to make materials available at the start of the full committee meeting.

*Disclaimer:* Electronic copies of NACMCF documents and comments are conversions from a variety of source formats into HTML, a process that may result in character translation or format errors. Readers are cautioned not to rely on this HTML document. Minor changes to materials in electronic format may be necessary in order to meet the Web Accessibility Act requirement in which graphs, charts, and tables must be accompanied by a text descriptor in order for the hearing impaired to be made aware of the content. FSIS will add these text descriptors along with a qualifier that the text is a simplified interpretation of the graph, chart, or table. Portable Document Format (PDF) and/or paper documents of the official text, figures, and tables can be obtained from the FSIS Docket Room.

Copyrighted documents will not be posted on the FSIS Web site but are available for inspection in the FSIS docket room.
