The Department will disclose calculations performed within five days of the date of publication of this notice to the parties of this proceeding in accordance with 19 CFR 351.224(b). An interested party may request a hearing within 30 days of publication of these preliminary results. *See* 19 CFR 351.310(c). Any hearing, if requested, ordinarily will be held 44 days after the date of publication, or the first working day thereafter. Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. Rebuttal briefs limited to issues raised in such briefs, may be filed no later than 35 days after the date of publication. Further, parties submitting written comments are requested to provide the Department with an additional copy of the public version of any such comments on diskette. The Department will issue the final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, or at a hearing, if requested, within 120 days of publication of these preliminary results.

Assessment Rate

Pursuant to 19 CFR 351.212(b), the Department calculated an assessment rate for each importer of the subject merchandise. Upon issuance of the final

results of this administrative review, if any importer-specific assessment rates calculated in the final results are above *de minimis* (*i.e.*, at or above 0.5 percent), the Department will issue appraisal instructions directly to the BCBP to assess antidumping duties on appropriate entries by applying the assessment rate to the entered value of the merchandise. For assessment purposes, we calculated importer-specific assessment rates for the subject merchandise by aggregating the dumping margins for all U.S. sales to each importer and dividing the amount by the total entered value of the sales to that importer. Where appropriate, to calculate the entered value, we subtracted international movement expenses (*e.g.*, international freight) from the gross sales value.

Cash Deposit Requirements

To calculate the cash deposit rate for each producer and/or exporter included in this administrative review, we divided the total dumping margins for each company by the total net value for that company's sales during the review period, with the exception of PAM, whose margin is based on AFA.

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of certain pasta from Italy entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed above will be the rates established in the final results of this review, except if the rate is less than 0.5 percent and, therefore, *de minimis*, the cash deposit will be zero; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent final results in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent final results for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 11.26 percent, the "All Others" rate established in the LTFV investigation. *See Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Certain Pasta from Italy*, 61 FR 38547 (July 24, 1996).

These cash deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 31, 2003.

Joseph A. Spetrini,

*Acting Assistant Secretary for Grant Aldonas,
Under Secretary.*

Pure Magnesium from Canada; Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of 2001/2002 administrative review.

SUMMARY: On April 24, 2003, the Department of Commerce published the preliminary results of the administrative review of the antidumping duty order on pure magnesium from Canada. The period of review is August 1, 2001, through July 31, 2002. This review covers imports of pure magnesium from one producer/exporter. We provided interested parties with an opportunity to comment on the preliminary results of this review, but received no comments.

The final results do not differ from the preliminary results of this review, in which we found that sales of the subject merchandise have not been made below normal value. We will instruct the United States Bureau of Customs and Border Protection not to assess antidumping duties on the subject merchandise exported by this company.

EFFECTIVE DATE: August 7, 2003.
