## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 54

[CC Docket No. 96–45; FCC 03–188]

### Federal-State Joint Board on Universal Service: Children's Internet Protection Act

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** In this document, the Commission adopts measures to ensure that its implementation of the Children's Internet Protection Act (CIPA) complies with the recent decision of the United States Supreme Court. CIPA requires schools and libraries with "computer Internet access" to certify that they have Internet safety policies and technology protection measures, e.g., software filtering technology, to receive discounts for Internet access and internal connections under the schools and libraries universal service support mechanism (e-rate).

**DATES:** The rule and the revised FCC Forms 479 and 486 in this document contain collection requirements that have not been approved by OMB. Upon OMB approval, the Commission will publish a document in the **Federal Register** announcing the effective date of the rule and the revised FCC Forms 479 and 486.

**FOR FURTHER INFORMATION CONTACT:** Jennifer Schneider, Attorney, Wireline Competition Bureau, Telecommunications Access Policy Division, (202) 418–7400.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's Order in CC Docket No. 96–45 released on July 24, 2003. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY–A257, 445 Twelfth Street, SW., Washington, DC 20554.

#### I. Introduction

1. In this Order, we adopt measures to ensure that our implementation of the Children's Internet Protection Act (CIPA) complies with the recent decision of the United States Supreme Court. CIPA requires schools and libraries with "computer Internet access" to certify that they have Internet safety policies and technology protection measures, e.g., software filtering technology, to receive discounts for Internet access and internal connections under the schools'

and libraries' universal service support mechanism (e-rate).

2. Libraries subject to CIPA's filtering requirements that are not currently in compliance with the CIPA filtering requirements must undertake efforts in Funding Year 2003 to comply by Funding Year 2004 in order to receive e-rate funds. Libraries must be in compliance with the CIPA requirements by Funding Year 2004, except to the extent such libraries are eligible for and receive a waiver of the CIPA requirements pursuant to section 254(h)(6)(E)(ii)(III). We direct the Administrator in consultation with the Wireline Competition Bureau (Bureau) to implement the necessary procedural changes, including changes to the current CIPA-related certifications required of applicants. We take these steps to respond promptly to the Supreme Court's decision and to ensure that the schools' and libraries' universal service support mechanism continues to operate in accordance with federal law.

#### II. Discussion

3. Consistent with the Supreme Court decision, as of the effective date of this Order, we lift the suspension of enforcement of those § of 54.520 of our rules which implemented the section 254(h)(6) requirement that libraries have Internet filtering technology to receive discounts for Internet access and internal connections under e-rate. Specifically, we lift the suspension of enforcement of §§ 54.520(c)(2)(i) and (iii), 54.520(c)(3), 54.520(d), and 54.520(g)(1) of our rules as applied to libraries. In addition, we modify § 54.520(f) and (g) to conform with the revised timeline for the implementation of section 254(h)(6) of the Act.

4. Consistent with the implementation framework established by Congress, libraries receiving e-rate discounts for Internet access or internal connections shall have one year from July 1, 2003, which is the start of Funding Year 2003, to come into compliance with the filtering requirements of CIPA. When Congress enacted CIPA in 2001, it recognized that it may take libraries a significant amount of time to procure and install the Internet filtering technology required to comply with CIPA. Accordingly, CIPA allows libraries either to certify (1) that they are in compliance with CIPA or (2) that they are "undertaking such actions, including any necessary procurement procedures, to put in place" the required policy measures to comply with CIPA for the next funding year. Given that the Supreme Court decision was issued on June 23, 2003 and will be effective no sooner than July 18, 2003,
