

requested a continuous duck (including mergansers) season with the maximum number of days and the same daily bag and possession limits permitted for Pacific Flyway States, under final Federal frameworks. The Tribes propose that, if the same number of hunting days are permitted as last year, the season would have an opening date of October 4, 2003, and a closing date of January 11, 2004. Coot and snipe season dates would be the same as for ducks, with the same daily bag and possession limits permitted for Pacific Flyway States. The Tribes anticipate harvest will be between 2,000 and 5,000 ducks.

The Tribes also requested a continuous goose season with the maximum number of days and the same daily bag and possession limits permitted in Idaho under Federal frameworks. The Tribes propose that, if the same number of hunting days are permitted as in previous years, the season would have an opening date of October 4, 2003, and a closing date of January 4, 2004. The Tribes anticipate harvest will be between 4,000 and 6,000 geese.

The Tribe requests a common snipe season with the maximum number of days and the same daily bag and possession limits permitted in Idaho under Federal frameworks. The Tribes propose that, if the same number of hunting days are permitted as in previous years, the season would have an opening date of October 4, 2003, and a closing date of January 11, 2004.

Nontribal hunters must comply with all basic Federal migratory bird hunting regulations in 50 CFR part 20 pertaining to shooting hours, use of steel shot, and manner of taking. Special regulations established by the Shoshone-Bannock Tribes also apply on the reservation.

We note that the requested regulations are nearly identical to those of last year and propose they be approved for the 2003–04 hunting season.

*(t) Squaxin Island Tribe, Squaxin Island Reservation, Shelton, Washington (Tribal Members Only)*

The Squaxin Island Tribe of Washington and the Service have cooperated since 1995 to establish special tribal migratory bird hunting regulations. These special regulations apply to tribal members on the Squaxin Island Reservation, located in western Washington near Olympia, and all lands within the traditional hunting grounds of the Squaxin Island Tribe.

For the 2003–04 season, the Tribe requests to establish duck and coot seasons that would run from September 15, 2003, through January 15, 2004. The daily bag limit for ducks is five per day

and could include only one canvasback. The season on harlequin ducks is closed. For coots the daily bag limit is 25. For snipe, the Tribe proposes the season start on September 15, 2003, and end on January 15, 2004. The daily bag limit for snipe is eight.

For geese, the Tribe proposes establishing a season that would run from September 15, 2003, through January 15, 2004. The daily bag limit for geese is four and could include only two snow geese. The season on Aleutian and cackling Canada geese is closed. For brant, the Tribe proposes to establish a September 15 to December 31, 2003, season with a daily bag limit of two. The Tribe also proposes a September 1 to December 31, 2003, season for band-tailed pigeons with a daily bag limit of five.

In all cases, the possession limit would be twice the daily bag limit. Shooting hours would be from one-half hour before sunrise to one-half hour after sunset, and steel shot would be required for migratory bird hunting. Further, the Tribe requires that all harvest be reported to their Natural Resources Office within 72 hours.

In 1995, the Tribe reported no harvest of any species. Tribal regulations are enforced by the Tribe's Law Enforcement Department.

We propose to approve the Squaxin Island Tribe's requested 2003–04 special migratory bird hunting regulations.

*(u) Stillaguamish Tribe of Indians, Arlington, Washington (Tribal Members Only)*

The Stillaguamish Tribe of Indians and the Service have cooperated to establish special regulations for migratory game birds since 2001. The Tribe is proposing regulations to hunt all open and unclaimed lands under the Treaty of Point Elliott of January 22, 1855, including their main hunting grounds around Camano Island, Skagit Flats, Port Susan to the border of the Tulalip Tribe's Reservation. Ceded lands are located in Whatcom, Skagit, Snohomish, and Kings Counties, and a portion of Pierce County, Washington. The Stillaguamish Tribe of Indians is a federally recognized Tribe and reserves the Treaty Right to hunt (*U.S. v. Washington*).

The Tribe proposes that duck (including mergansers, sea ducks, and coots), goose, and snipe seasons run from October 1, 2003, to January 31, 2004. The daily bag limit on ducks (including sea ducks and mergansers) is 10 and must include no more than 7 mallards (only 3 of which can be hens), 3 pintail, 3 redhead, 3 scaup, and 3 canvasback. The daily bag limit for coot

is 25. For geese, the daily bag limit is six. The daily bag limit on brant is three. The daily bag limit for snipe is ten. Possession limits are totals of two daily bag limits.

Harvest is regulated by a punch card system. Tribal members hunting on lands under this proposal will observe all basic Federal migratory bird hunting regulations found in 50 CFR part 20, which will be enforced by the Stillaguamish Tribal Law Enforcement. Tribal members are required to use steel shot or a non-toxic shot as required by Federal regulations.

The Tribe anticipates a total harvest of 200 ducks, 100 geese, 50 mergansers, 50 brant, 100 coots, and 100 snipe. Anticipated harvest needs include subsistence and ceremonial needs. Certain species may be closed to hunting for conservation purposes, and consideration for the needs of certain species will be addressed.

The Service proposes to approve the request for special migratory bird hunting regulations for the Stillaguamish Tribe of Indians.

*(v) Swinomish Indian Tribal Community, LaConner, Washington (Tribal Members Only)*

In 1996, the Service and the Swinomish Indian Tribal Community began cooperating to establish special regulations for migratory bird hunting. The Swinomish Indian Tribal Community is a Federally recognized Indian Tribe consisting of the Suiattle, Skagit, and Kikialos. The Swinomish Reservation was established by the Treaty of Point Elliott of January 22, 1855, and lies in the Puget Sound area north of Seattle, Washington.

For the 2003–04 season, the Tribe requests to establish a migratory bird hunting season on all areas that are open and unclaimed and consistent with the meaning of the treaty. The Tribe requests to establish duck, merganser, Canada goose, brant, and coot seasons opening on the earliest possible date allowed by the final Federal frameworks for the Pacific Flyway and closing 30 days after the State of Washington closes its season. The Swinomish requests an additional three birds of each species over that allowed by the State for daily bag and possession limits.

The Community normally anticipates that the regulations will result in the harvest of approximately 300 ducks, 50 Canada geese, 75 mergansers, 100 brant, and 50 coot. The Swinomish utilize a report card and permit system to monitor harvest and will implement steps to limit harvest where conservation is needed. All tribal
