Minimum and Maximum Loan Amounts

Loans and loan guarantees under this authority will not be made for less than \$100,000. Maximum loan amounts apply only to the direct 4-percent loan program. The maximum amount available for any one applicant for a direct 4-percent loan is \$5,000,000.

Minimum Rate of Data Transmission Criteria

The Secretary of Agriculture determines what qualifies as broadband service for the purpose of determining eligibility for financial assistance under the Rural Broadband Access Loan and Loan Guarantee Program. During fiscal year 2003 (and thereafter until further notice), to qualify as broadband service, the minimum rate-of-data transmission shall be 200 kilobits/second in the customer's connection to the network, both from the provider to the customer (downstream) and from the customer to the provider (upstream).

State Allocations

Due to the date of publication of the regulation and the regulatory deadline of January 31 for applications to be considered under the state allocation, applications submitted pursuant to this notice for fiscal year 2003 will be funded from the national reserve.

The Act requires RUS, from amounts made available each fiscal year, to establish a national reserve for loans and loan guarantees to eligible entities in states and to allocate amounts in the reserve to each state for each fiscal year. The Act further sets forth the method of allocation as follows:

"The amount of an allocation made to a State for a fiscal year * * * shall bear the same ratio to the amount of allocations made for all States for the fiscal year as the number of communities with a population of 2,500 inhabitants or less in the State bears to the number of communities with a population of 2,500 inhabitants or less in all States, as determined on the basis of the latest available census".

The following table shows the number of communities with 2,500 inhabitants or less (from the 2000 U.S. Census data), the percent in each state of such communities in relation to the total of all states, and the dollar amount of loan and loan guarantee funds available to each state:
