

for a port or place subject to the jurisdiction of the United States, and all vessels not engaged in commercial service whose last port of call was in the United States. Vessels requiring inspection by the COTP may contact the COTP via marine band or Very High Frequency (VHF) channel 16, telephone at (203) 468-4401, facsimile at (203) 468-4418, or letter addressed to Captain of the Port, Long Island Sound, 120 Woodward Ave., New Haven, CT 06512.

(4) All vessels operating within the RNA that are bound for a port or place located in the United States or that must transit the internal waters of the United States, must obtain authorization from the Captain of the Port (COTP) before entering waters within three nautical miles from the territorial sea baseline. Vessels awaiting COTP authorization to enter waters within three nautical miles from the territorial sea baseline will be required to anchor in the manner directed by the COTP. This section does not apply to vessels operating exclusively within the Long Island Sound Marine Inspection and COTP Zone, vessels on a single voyage which depart from and return to the same port or place within the RNA, all towing vessels engaged in coastwise trade, vessels in innocent passage not bound for a port or place subject to the jurisdiction of the United States, and all vessels not engaged in commercial service whose last port of call was in the United States. Vessels may request authorization from the COTP by contacting the COTP via marine band or Very High Frequency (VHF) channel 16, telephone at (203) 468-4401, facsimile at (203) 468-4418, or letter addressed to Captain of the Port, Long Island Sound, 120 Woodward Ave., New Haven, CT 06512.

(5) Vessels over 1,600 gross tons operating in the RNA within three nautical miles from the territorial sea baseline that are bound for a port or place located in the United States or that must transit the internal waters of the United States must receive authorization from the COTP prior to transiting or any intentional vessel movements, including, but not limited to, shifting berths, departing anchorage, or getting underway from a mooring. This section does not apply to vessels in innocent passage not bound for a port or place subject to the jurisdiction of the United States.

(6) *Ferry vessels.* Vessels of 300 gross tons or more are prohibited from entering all waters within a 1200-yard radius of any ferry vessel transiting in any portion of the Long Island Sound Marine Inspection and COTP Zone without first obtaining the express prior

authorization of the ferry vessel licensed operator, licensed master, COTP, or the designated COTP on-scene patrol.

(7) *Vessels engaged in commercial service.* No vessel may enter within a 100-yard radius of any vessel engaged in commercial service while that vessel is transiting, moored, or berthed in any portion of the Long Island Sound Marine Inspection and COTP zone, without the express prior authorization of the vessel's licensed operator, master, COTP, or the designated COTP on-scene representative.

(8) *Bridge foundations.* Any vessel operating beneath a bridge must make a direct, immediate and expeditious passage beneath the bridge while remaining within the navigable channel. No vessel may stop, moor, anchor or loiter beneath a bridge at any time. No vessel may approach within a 25-yard radius of any bridge foundation, support, stanchion, pier or abutment except as required for the direct, immediate and expeditious transit beneath a bridge.

(9) This section does not relieve any vessel from compliance with applicable navigation rules.

■ 3. Add § 165.154 to read as follows:

§ 165.154 Safety and Security Zones: Long Island Sound Marine Inspection Zone and Captain of the Port Zone.

(a) *Safety and security zones.* The following areas are safety and security zones:

(1) *Dominion Millstone Nuclear Power Plant Safety and Security Zones.* (i) All waters north and north east of a line running from Bay Point, at approximate position 41-18.57 N, 072-10.41 W, to Millstone Point at approximate position 41-18.25 N, 072-09.96 W.

(ii) All waters west of a line starting at 41-18.700 N, 072-09.650 W, running south to the eastern most point of Fox Island at approximate position 41-18.400 N, 072-09.660 W. All coordinates are North American Datum 1983.

(2) *Coast Guard Vessels Safety and Security Zones.* All waters within a 100-yard radius of any anchored Coast Guard vessel. For the purposes of this section, Coast Guard vessels includes any commissioned vessel or small boat in the service of the regular Coast Guard and does not include Coast Guard Auxiliary vessels.

(b) *Regulations.* (1) The general regulations contained in § 165.23 and § 165.33 of this part apply.

(2) In accordance with the general regulations in § 165.23 and § 165.33 of this part, entry into or movement within this zone is prohibited unless

authorized by the Captain of the Port Long, Island Sound.

(3) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or on-scene patrol personnel. These personnel comprise commissioned, warrant, and petty officers of the Coast Guard. Upon being hailed by a U. S. Coast Guard vessel by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed.

Dated: August 8, 2003.

Vivien S. Crea,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[PA 207-4213; FRL-7544-7]

Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; Motor Vehicle Inspection and Maintenance Program—Revised Final Standards for the Acceleration Simulation Mode Exhaust Emissions Test

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by the Commonwealth of Pennsylvania. This revision amends Pennsylvania's SIP-approved Enhanced Vehicle Inspection and Maintenance Program (or I/M program) to implement final tailpipe test standards for the Acceleration Simulation Mode (ASM) tailpipe emissions test. This is being done through the substitution of revised ASM test standards in place of the previously adopted and SIP-approved final ASM test standards. Under Pennsylvania's SIP-approved I/M program, ASM testing is conducted only in the Philadelphia I/M program area comprised of Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties. Therefore, this action affects only motorists in those counties subject to the ASM test as part of the I/M program for the Philadelphia area. The intended effect of this action is to approve Pennsylvania's SIP revision request. This action is being taken under authority of the Clean Air Act.

EFFECTIVE DATE: This final rule is effective on September 15, 2003.
