

systems of care for children, the involvement of the State MCH program is strongly encouraged. Such involvement could be demonstrated either by a co-signed application or by a letter of support.

Funding Level/Project Period:

Approximately \$2,950,000 is available for the State Oral Health Collaborative Systems grants during FY 2003. These awards will be made not to exceed \$50,000 (including indirect costs) per award, per year, for a project period of one year, beginning approximately September 01, 2003. The applicant is invited, within this same application, to apply for up to an additional \$50,000, should funds become available or fewer than fifty-nine applications are approved and recommended for funding. To be considered for additional funding, States must submit an addendum to the application to include a revised face page (SF 424), budget and budget justification that would support an increased scope of work and requested funding level, up to \$50,000, inclusive of indirect costs, and is in keeping with the programmatic objectives of this grant offering. Finally, cost sharing or matching is not required or encouraged under the SOHCS grant program.

Review Criteria: Applications that are complete and responsive to the guidance will be evaluated by an objective review panel specifically convened for this solicitation and in accordance with HRSA grants management policies and procedures.

Applications will be reviewed using the following HRSA criteria:

1. Description of the Problem—The extent to which the project describes the severity of oral health needs of the community.

2. Goals & Objectives—Major goals and objectives are clearly stated and attainable for the project period.

3. Implementation Plan—The quality of the project plan or methodology is adequately explained indicating the extent to which the project will contribute to the advancement of maternal and child health and/or improvement of the oral health of underserved children as measured through MCHB performance measures addressing the presence of sealants on third grade student molars, enrollment in Medicaid/SCHIP and/or the presence of essential elements in State Oral Health Plans.

4. Partnerships (Collaborative Agencies and Programs)—The extent to which the project demonstrates commitment of prospective partners and strength of the applicant's plan for

integrating oral health into existing public and private health systems.

5. Budget—The extent to which the estimated cost to the Government of the project is reasonable, considering the anticipated results.

Paperwork Reduction Act: OMB approval for any data collection in connection with this grant program will be sought, as required under the Paperwork Reduction Act of 1995.

Public Health System Reporting Requirements: This program is subject to the Public Health System Reporting Requirements (approved under OMB No. 0937-0195). Under these requirements, the community-based nongovernmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to provide information to State and local health officials to keep them apprised of proposed health services grant applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental applicants are required to submit the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted no later than the Federal application receipt due date:

- (a) A copy of the face page of the application (SF 424).
- (b) A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State and local health agencies.

Executive Order 12372: The MCH Federal Set-Aside program has been determined to be a program which is not subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs.

Dated: August 13, 2003.
