

levied is owned by the taxpayer but is used as the principal residence of the taxpayer's spouse, the taxpayer's former spouse, or the taxpayer's minor child, the Government will send a letter to each such person providing notice of the commencement of the proceeding. The letter will be addressed in the name of the taxpayer's spouse or ex-spouse, individually or on behalf of any minor children. If it is unclear who is living in the principal residence property and/or what such person's relationship is to the taxpayer, a letter will be addressed to "Occupant". The purpose of the letter is to provide notice to the family members that the property may be levied. The family members may not be joined as parties to the judicial proceeding because the levy attaches only to the taxpayer's legal interest in the subject property and the family members have no legal standing to contest the proposed levy.

(e) *Levy allowed on certain business assets.* The property described in section 6334(a)(13)(B)(ii) shall not be exempt from levy if—

(1) An Area Director of the Service personally approves (in writing) the levy of such property; or

(2) The Secretary finds that the collection of tax is in jeopardy. An Area Director may not approve a levy under paragraph (e)(1) of this section unless the Area Director determines that the taxpayer's other assets subject to collection are insufficient to pay the amount due, together with expenses of the proceeding. When other assets of an individual taxpayer include permits issued by a State and required under State law for the harvest of fish or wildlife in the taxpayer's trade or business, the taxpayer's other assets also include future income that may be derived by such taxpayer from the commercial sale of fish or wildlife under such permit.

(f) *Levy allowed on certain specified payments.* Any payment described in section 6331(h)(2)(B) or (C) shall not be exempt from levy if the Secretary approves the levy thereon under section 6331(h).

(g) *Inflation adjustment.* For any calendar year beginning after 1999, each dollar amount referred to in paragraphs (a)(2) and (3) of this section will be increased by an amount equal to the dollar amount multiplied by the cost-of-living adjustment determined under section 1(f)(3) for the calendar year (using the language "calendar year 1998" instead of "calendar year 1992" in section 1(f)(3)(B)). If any dollar amount as adjusted is not a multiple of \$10, the dollar amount will be rounded

to the nearest multiple of \$10 (rounding up if the amount is a multiple of \$5).

(h) *Effective date.* This section will apply as of the date final regulations are published in the **Federal Register**.

TRICARE Program; Coordination of Benefits Between TRICARE and the Department of Veterans Affairs

AGENCY: Office of the Secretary, DoD.

ACTION: Proposed rule.

SUMMARY: Under current rules, beneficiaries who are eligible for both TRICARE and Department of Veterans Affairs (VA) benefits may use only one program for care but cannot use both at the same time. This proposed rule changes that policy to establish VA benefits as double coverage under TRICARE, so that beneficiaries may use TRICARE benefits to augment or replace services being provided through the VA.

DATES: Public comments must be received by October 20, 2003.

ADDRESSES: Forward comments to: TRICARE Management Activity (TMA), Medical Benefits and Reimbursement Systems, 16401 East Centretch Parkway, Aurora, CO 80011-9043.

SUPPLEMENTARY INFORMATION:

Coordination of TRICARE and the Department of Veterans Affairs Benefits

According to 10 USC 1086(g) TRICARE is to ensure "that no person eligible for health benefits under this section may be denied benefits under this section with respect to care or treatment for any service connected disability which is compensable under chapter 11 of title 38 solely on the basis that such person is entitled to care or treatment for such disability in facilities of the Department of Veterans Affairs".

In applying this statutory provision, TRICARE has established a policy that would ensure free access to care under

either program and continuity of care for beneficiaries while also ensuring that TRICARE and the Department of Veterans Affairs (VA) do not duplicate benefits. This policy allows beneficiaries to use either TRICARE or the VA for any episode of care, but they cannot use both. Often beneficiaries make the choice of which program to use, not by any definitive action, but simply by going first to either TRICARE or the VA for care. Once that is done, the other program cannot be involved. For example, if a beneficiary experiences back pain and goes to the VA for care, the beneficiary must then receive all care related to that back pain from the VA. If the beneficiary subsequently goes to a civilian physician for the back pain and submits a claim to TRICARE, TRICARE will deny the claim.

This limitation on care has been based on "episodes of care" which has never been fully defined under TRICARE, in either the regulation or any TRICARE manual. It is generally accepted to be all care related to a single injury or illness, but it has been left to the TRICARE managed care support contractors to actually determine what constitutes an episode of care when a claim is received that might be subject to this limitation. There has also not been any universal policy as to when an episode of care ends. Using the previous example of the beneficiary with back pain, if the beneficiary goes for thirty days without receiving any care for the back pain, does that end the episode of care? Should it be sixty days? Or ninety days? The end of the episode of care is important, because the limitation on using only TRICARE or the VA applies only to episodes of care. That is, if the beneficiary has elected to use the VA for one episode of care, the beneficiary can elect to use TRICARE for a different episode of care. That episode of care can overlap the initial episode of care if it is for a totally different injury or illness. If it is for the same injury or illness, an appropriate amount of time must have passed without the beneficiary receiving any care.

As noted above, this policy was established in order to ensure continuity of care for our beneficiaries and to ensure there was no duplication of care or payments between TRICARE and the VA. If a beneficiary is receiving care from the VA for an injury or illness, a plan of care will have been established by the VA provider, and subsequently receiving care from a different provider under TRICARE, who might decide on a different course of treatment, may actually negatively impact the beneficiary's progress.
