Identification of Parties and Recitals

This agreement is made and entered into this ____ day of _____, by _____, a _____ organized and existing under the laws of the State/Commonwealth of _____ and having its principal place of business in

_____ (“Transmission Provider”) and _____, a _____ organized and existing under the laws of the State/Commonwealth of _____ and having its principal place of business in _____, _____ (“Interconnection Customer”).

Whereas, Interconnection Customer desires to engage in the interconnected operation of its Generating Facility with Transmission Provider's Transmission System;

Whereas, Interconnection Customer has applied for and been approved by Transmission Provider for interconnection pursuant to Transmission Provider's Small Generating Facility interconnection process and in accordance with the Standard Small Generator Interconnection Procedures; and

Whereas, Parties agree that interconnection of the Generating Facility will be expedited to the greatest extent possible.

Now, therefore, in consideration of and subject to the mutual covenants contained herein, it is agreed:

Article 1. Definitions

When used with initial capitalization, the following terms shall have the meanings specified or referred to below. Terms used in this document with initial capitalization that are not defined below shall have the meanings specified in the section in which they are used or as specified in the Transmission Provider's Open Access Transmission Tariff (OATT), as may be amended from time to time.

Additional Review shall mean a technical evaluation by the Transmission Provider of a proposed interconnection that has failed to pass the Super-Expedited Screening Criteria. The review will determine whether minor modifications to the Transmission Provider's Transmission System (e.g., changing meters, fuses, relay settings) can be performed in order to enable the interconnection to be made safely and reliably.

Adverse System Impact shall mean the negative effects due to technical or operational limits on conductors or equipment being exceeded that may compromise the safety and reliability of the electric system.

Affected System shall mean an electric system other than the Transmission Provider's Transmission System that may be affected by the proposed interconnection.

Affiliate shall mean, with respect to a corporation, partnership or other entity, each such other corporation, partnership or other entity that directly or indirectly, through one
