

- Education services—limitation to “only privately funded services”: the EC’s limitation is now extended also to Austria.

c. *Space Transport*

- The commitment included in the schedule of Austria is withdrawn.

(2) MFN Exemptions

In its communication of July 10, 2003 the EC also proposed a consolidated list of GATS Article II MFN exemptions for the EC 15 that in essence would extend the coverage of the EC’s existing MFN exemptions to Austria, Sweden and Finland. According to the EC’s notification, the only modifications or withdrawals of specific commitments are those listed in the Annex attached to the notification, which does not refer to the EC’s MFN exemptions. The United States therefore believes that the EC’s MFN exemptions are not within the scope of its GATS Article V notification and has requested that the EC provide clarification of the procedural and legal basis for any changes in its MFN exemption list.

(3) Applicable GATS Requirements

Article V of the GATS provides that the GATS does not prevent a WTO Member from being a party to an economic integration agreement liberalizing trade in services provided that, *inter alia*, the agreement has substantial sectoral coverage and provides for the absence or elimination of substantially all discrimination between the parties in the sectors covered by such an agreement. Paragraph 5 of Article V provides that if such an agreement is later enlarged or significantly modified, and a WTO Member intends to modify or withdraw a specific GATS commitment as a result, it must provide 90 days advance notice of such modification and follow the applicable procedures set out in GATS Article XXI. Paragraph 2 of Article XXI provides that WTO Members who believe they may be affected by the proposed modification of commitments can request negotiations with the modifying Member with the purpose of reaching an agreement on compensation for the proposed modification.

While Article XXI covers modification and withdrawal of specific GATS commitments, it does not address modifications to a WTO Member’s MFN exemptions pursuant to GATS Article II. The GATS Annex on MFN exemptions provides that any modifications to a WTO Member’s MFN exemptions, after entry into force of the Agreement Establishing the WTO (“WTO Agreement”), require a Member to seek a waiver pursuant to Article IX of the

WTO Agreement. The EC’s communication of July 10, 2003 did not address the issue of whether it intends to seek a waiver for its proposed consolidated list of MFN exemptions.

(4) Accessing the Schedules of Specific Commitments and Lists of MFN Exemptions

The EC’s proposed consolidated schedule of specific commitments and consolidated list of MFN exemptions for the EC 15 are restricted WTO documents. The public therefore is advised to examine the existing GATS schedules of specific commitments and lists of MFN exemptions of the EC, Austria, Finland and Sweden to determine whether changes implied through consolidation of the schedules and lists would impact U.S. commercial interests. The existing schedules and lists are accessible through the WTO’s Services Database Web site, <http://tsdb.wto.org/wto/WTOHomepublic.htm>. From that site, click on “Pre-defined Reports” and then “All Sectors in Each Country.”
