

TABLE 9.1—CAMPUS REALIGNMENT PROPOSALS—Continued

VISN	Facility	Description
3	Montrose, NY	Maintain outpatient services on the Montrose campus at a location that maximizes the enhanced use lease potential of the site. Current domiciliary, psychiatry, medicine, nursing home and other inpatient units will be transferred to Castle Point. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans.
3	Manhattan/Brooklyn, NYC	Develop a plan to consider the feasibility of consolidating inpatient care at Brooklyn. Incorporate the proposed outpatient improvements for Brooklyn in the current proposed plan. Maintain a significant outpatient primary and specialty care presence at the current site or another location in Manhattan. Evaluate the site for enhanced use leasing. Any revenues or in kind services will remain in the VISN to invest in local services for veterans.
4	Pittsburgh-Highland Drive (HD), PA	Current services at Highland Drive will be transferred to University Drive and Aspinwall campuses, with new facilities for psychiatry, mental health, and related research and administrative services. VA will no longer operate health care services at this campus. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans.
5	Perry Point, MD	While maintaining the current mission, redesign the campus to maximize the enhanced use lease of the campus. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans. The redesign of the campus should include the current proposed new nursing home, other required new buildings to consolidate services; and preservation of the historic sites: the Mansion, Grist Mill, and 5 acres of Indian burial grounds.
7	Augusta-Uptown Division (UD), GA	Augusta Uptown Division will remain open. Study the feasibility of realigning the campus footprint including the feasibility of consolidating selected current services at the Uptown Division to the Downtown Division or other VAMCs and contracting with the community. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans. Explore with DoD the feasibility of greater coordination of VA/DoD services at either VA division.
7	Central Alabama (CAVHCS)-West (Montgomery), AL.	Montgomery campus would remain open. The proposal to convert Montgomery to an outpatient-only facility and to contract out inpatient care requires further study.
8	Lake City, FL	Transfer of current inpatient surgery services to Gainesville. Inpatient medicine will be re-evaluated when Gainesville has expanded inpatient capacity (due to construction of a proposed new bed tower). Nursing home care and outpatient services will remain at Lake City.
9	Lexington-Leestown (L), KY	Current services of outpatient care and nursing home care will be transferred to the Cooper Drive campus, as space is available. Due to possible space limitations at Cooper Drive it may be necessary to relocate some outpatient primary and outpatient mental health services to alternative locations other than Cooper Drive. VA will no longer operate health care services at this campus. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans. Enhanced use opportunities for the majority of the Leestown campus appear to exist with Eastern State Hospital.
10	Brecksville, OH	Current services at the Brecksville Division will be transferred to the Wade Park Division. VA will no longer operate health care services at this campus. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans.
15	Leavenworth, KS	The Secretary's Advisory Board developed a realignment plan for Topeka and Leavenworth that was accepted by the USH. Further realignments would not be cost effective. Realignments include nursing home, psychiatry, and domiciliary care.
16	Gulfport, MS	Gulfport's current patient care services will be transferred to the Biloxi division and possibly Keesler AFB. VA will no longer operate health care services at this campus. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans.
17	Marlin, TX	Remaining current outpatient services will be transferred to a new and more accessible location in the Marlin and Waco area. VA will no longer operate health care services at this campus. The campus will be evaluated for alternative uses to benefit veterans such as enhanced use leasing for an assisted living facility. Any revenues or in kind services will remain in the VISN to invest in local services for veterans.
17	Kerrville, TX	Kerrville will continue to provide nursing home and outpatient services. Acute care services will be transferred to San Antonio VAMC as space becomes available from the proposed inpatient construction at San Antonio. In the interim, Kerrville would convert to a Critical Access Hospital (CAH). An enhanced use lease for assisted living for veterans is under development. Any revenues or in kind services will remain in the VISN to invest in local services for veterans.
