

§ 758.2 Automated Export System (AES).

The Census Bureau's Foreign Trade Statistics Regulations (FTSR) (15 CFR Part 30) contain provisions for filing Shipper's Export Declarations (SEDs) electronically using the Automated Export System (AES). In order to use AES, you must apply directly to the Census Bureau for certification and approval through a Letter of Intent (*see* 15 CFR 30.60(b) and Appendix A to part 30 of the FTSR). Three AES filing options are available for transmitting shipper's export data. Option 1 is the standard paper filing of the SED, while the other two options are electronic. Option 2 requires the electronic filing of all information required for export prior to export (15 CFR 30.61(a) and 30.63); Option 4 is available only for approved filers (approval by Census Bureau, Bureau of Customs and Border Protection, BIS and other agencies) and requires no information to be transmitted prior to export, with complete information transmitted within 10 working days of exportation (15 CFR 30.61(b) and 30.62).

(a) Census' Option 4 Application Process.

* * * If the Census Bureau receives neither notification of denial, nor a request for an extension from the agency within 30 days of the date of referral of the letter of intent to the agency, the applicant is deemed to be approved by that agency. * * *
