SUPPLEMENTARY INFORMATION:

Description of Information Collection

Title: Objection to new land management plans, plan amendments, and plan revisions.

OMB Number: 0596-0158.

Expiration Date of Approval: October 31, 2003.

Type of Request: Extension with revision of currently approved collection.

Abstract: The information that would be required by 36 CFR 219.19 is the minimum information needed for a citizen or organization to explain the nature of the objection being made to a proposed land management plan, plan amendment, or plan revision and the reason why the individual or organization objects. Specifically, an objector must provide name, mailing address, and if possible, telephone number; an identification of the specific proposed plan, amendment or revision that is the subject of the objection; and a concise statement explaining how the environmental disclosure documents, if any, and proposed plan, amendment, or revision are inconsistent with law, regulation, Executive order, or policy and any recommendations for change. The Reviewing Officer must review the objection(s) and relevant information and then respond to the objector(s) in writing.

Estimate of Annual Burden: 10 hours to prepare the objection.

Type of Respondents: Interested and affected individuals, organizations, and governmental units who participate in the planning process: such as persons who live in or near National Forest System (NFS) lands; local, State, and Tribal governments who have an interest in the plan; Federal agencies with an interest in the management of NFS lands and resources; not-for-profit organizations interested in NFS management, such as environmental groups, recreations groups, educational

institutions; and commercial users of NFS land and resources.

Estimated Annual Number of Respondents: 1210 a year.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 12,100 hours.

Comment Is Invited

Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the agency, including whether the information will have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Use of Comments

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. In submitting this proposal to the Office of Management and Budget for approval, the Forest Service will summarize and respond to comments received.

Dated: August 14, 2003.

Gloria Manning,

Associate Deputy Chief, National Forest System.
